REDS MOVE IN FOR ODESSA KILL

RUSSIAN TROOPS PUSHING THROUGH SUBURBS OF CITY

U. S. BOMBERS BLAST GERMAN OIL SUPPLY AT PLOESTI WEDNESDAY

By RICHARD G. MASSOCK
Associated Press War Editor.

Russian troops pushed through the outlying suburbs of Odessa today within nine miles of the heart of the besieged Black Sea port, and the Cacophony of battle already filled the ears of the estimated 200,000 Germans and Rumanians pinned down there.

The Third Ukrainian army of Gen. Rodion Y. Malinovsky pressed in for the kill from three sides and Soviet bombers laid a barrage on sea and ferry escape channels.

Some 166 miles behind the front in Rumania, American heavy bombers dealt Germany another staggering blow yesterday with an assault upon the rail yards and oil refineries of Ploesti. Massed tank cars were exploded, tracks were ripped, columns of black smoke swished three miles high.

Germany obtains 6,000,000 tons of oil annually from Rumania, about a third of the reich's requirements. With the great Ploesti fields imminently threatened by Russian air forces, Air Marshal Sir John Clessor, declared:

Could Not Carry On.

"The Germans could not possibly carry on without them."

As a by-product, the bombers and their escorts destroyed more than 40 planes. A dozen heavy bombers were lost. Several dozen other nazi planes were destroyed aground and five aloft by U. S. Mustangs from Britain which shot up German airfields near Berlin and Munich and in France. Eight attackers were lost.

Heavy British bombers struck German aircraft repair shops at Toulouse in Southern France, losing a single plane.

Artillery exchanges re-echoed in the ruins of Cassino in Central Italy. Lt. Gen. Ira Eaker discloseed that some allied troops were killed by poorly aimed bombs in the air assault on Casino March 15.

British telephone lines to Ireland were closed to prevent spying.

Russians at Odessa.

The Russians at Odessa appeared to be massing for storming operations. To the northwest, the capture of Baden placed the Soviets at the top tfo bxlayel shrdl ets at the top of the trackless swamps which merge into the Dniester river estuary. This, in effect, formed a loose encirclement of the seventh largest Russian city.

The doomed garrison of the Tarnopol in old Poland fought on. The Russians boiled down more of the survivors of 15 divisions trapped in the Skala "kettle." The capture of 30 setlements pushed Russian lines in Bessarabia within 24 miles of the capital, Kishinev. From inside the old kingdom of Rumania, the Russians sent no reports.

British military commentators asserted that Rumania's days as an effective fighting power were running out. Doubtless Rumania

GREAT BOMBING OF CASSINO COST LIVES AMERICAN SOLDIERS

GEN. EAKER DISCLOSES ANOTHER ALLIED ERROR DISASTER

ALLIED HEADQUARTERS, In Naples, April 6.—(AP)—Lt. Gen. Ira C. Eaker disclosed today that a number of allied soldiers had been killed by bombs which accidentally fell far from the target during the great allied air assault on Cassino, March 15.

This disclosure by the commander of the allied Mediterranan air forces came during a press conference in which he discussed many aspects of the bombing and declared that while the operation had failed to break German resistance it had "accomplished all that was expected of it by the air force commanders." x x x x.

Eaker indicated his belief that the outcome should not be construed as a reflection on the potentialities of aerial bombardment, declaring frankly that air power has its recognized limitations and it was not to be expected that such an attack could wipe out all resistance.

Some of the bombs which missed the target at Casino fell wide of their mark because of a "mechanical failure," he said, investigation showing that "the bombs had become dislodged from their racks and when the bomb doors were opened they became free."

Others which dropped at Venafro, far behind the front, killing a number of allied troops, were the result of a mistake in target identification, Eaker added.

In discussing various aspects of the bombing he emphasized that his remarks should not be consid-

See CASSINO, Page 8.

U. S. Liberators Bombed Coast Of France Thursday

LONDON, April 6.—(AP)—U. S. Liberators today bombed the "Invasion coast" of France, striking the Pas-de-Calias areaa for the second consecutive day under escort of Tunderbolt fighter planes.

Air headquarters said no aircraft were lost in the operation, which encountered only meager flak and no aerial opposition. A few hours earlier RAF bombers, flying for the first time in a week, returned from blasting German aircraft repair plants at Toulouse, France, less than 70 miles from Spain.

"This was the easiest of my 17 missions," said Staff Sgt. Herman B. Jones, Barrerton, Ohio, a nose-gunner who flew to Pas-De-Calais.

Lt. Richard L. Henderson, 303 High Street, Longview, Texas, a pilot, said "with only moderate flak and excellent fighter support doing the blocking for us we tackled the target without trouble and scored a touchdown with bombs."

"The targets were clearly seen in the moonlight and first reports indicate that the bombing was effective," the announcement said.

The raid represented a round-trip of at least 1,000 miles, but despite the length of the journey all but one of the big bombers returned, the air ministry said. Mines also were laid in enemy waters during the night.

The assault capped a day in which the American forces sent fighters against the Berlin and Munich areas and heavy bombers to Rumania's Ploesti air field region in a two-way strike from bas-

ALLIES CONTINUE KILL AND WOUND JAPS IN INDIA INVASION

ENEMY, HOWEVER, STILL EXERTING PRESSURE ALONG ASSAM FRONT

By The Associated Press.

Allied troops continue to kill and wound Japanese in India, but the enemy is still exerting pressure along the Assam front north of Imphal, Admiral Lord Louis Mountbatten's headquarters reported today.

There were, however, three bright spots in the India-Burma picture. Mountbatten's headquarters said the allies have inflicted casualties on the Japanese in ambushes laid along the roads north and south of Imphal.

Chinese forces in northern Burma are driving the Nipponese steadily southward in the upper Mogaung valley and are advancing on the village of Wakwang. Twenty-four Japenese planes were destroyed in an air commendo attack on the Aungban airfield in central Burma Tuesday, the Mountbatten bulletin reported.

At Wewak, northeast New Guinea, Fifth airforce bombers dumped 206 tons of bombs Tuesday, destroying 13 Japanese planes on the ground and starting large fires without having a single shot fired at them.

Australians moving toward the enemy's Madang base, southeast down the coast, was last reported nine miles from Bogadjim, 20 miles south of Madang. An American contingent is 13 miles from Bodadjim.

In a day-long attack on wellpulverled Rabaul, New Britain, 150 medium and light bombers let go with 110 tons of bombs on airdromes and other Japanese installations.

Mitchell bombers of the 7th airforce Monday gave Ponape, Japanese eastern Caroline's outpost, its

SOME FACTS ABOUT GOP POLITICS SINCE ACTION OF WILLKIE

By The Associated Press.

Wendell Willkie's withdrawal from the presidential contest leaves the Republicans with this political picture:

Principal Prospects—Gov. Dewey (NY), Gov. Bricker (Ohio), Lt. Cmdr. Harold E. Stassen (Minn.), Gen. Douglas MacArthur.

Nominating convention delegates selected thus far (276):

Pledged to Dewey—Missouri 6, New Hampshire 2, Wisconsin 15—total 23. Claimed for Dewey, Missouri 2, New York 82, North Carolina 20, Oklahoma 2, and Wisconsin 3—total 109. Grand total 132.

Pledged to Stassen—Minnesota 23, Wisconsin 3—total 26. None claimed so far.

Pledged to MacArthur—Wisconsin 3. None claimed.

Previously Claimed for Willkie—New Hampshire 6, New Mexico 1, New York 3—total 10.

Unpledged and Unclaimed So Far—Florida 15, Iowa, 23, Kansas 9, Louisiana 13, Minnesota 2, Missouri 18, New Hampshire 3. New Mexico 7, North Carolina 5—105.

Total needed for nomination—

FINAL FIGURES ON RED CROSS CAMPAIGN ANNOUNCED BY LEVY

CORSICANA AND NAVARRO COUNTY CONTRIBUTE TOTAL OF $39,176.29

"The spontaneous and enthusiastic manner in which the citizens of Corsicana and Navarro county answered the call of the American Red Cross for contributions to the 1944 War Fund is positive proof that our men and women in uniform have the unqualified support of a patriotic and fighting home front," Wallie Levy, county chairman stated today in announcing the final figures on the campaign.

Oversubscribed

Contributions totalled $39,176.29, against an assigned quote of $35,000, according to the official audit announced by Levy. Corsicana contributed $27,591.97, and the contributions from county communities amounted to $11,584.32. Of the grand total raised $12,889 will be deposited to the account of the Navarro County Chapter of the Red Cross to be used in meeting the additional responsibilities thrown on the county organization as a result of the war.

The chairman again took occasion to express appreciation to all those assisting in the campaign and he especially thanked organizations and individuals making contributions.

"Conducted on a voluntary basis the success is indicated in the final total," the chiarman asserted adding that "the citizenship fully accepted its individual responsibility otherwise the quota never would have been reached much less oversubscribed."

Contributions

A breakdown of the community contributions as announced by the chairman follow:

	Quota.	Received
Kerens	$2,000.00	$2,292.00
Powell	500.00	505.00
Mildred	200.00	246.75
Eureka	150.00	188.75
Richland	800.00	813.50
Navarro	100.00	197.00
Angus and Pickett	150.00	178.07
Pursley	150.00	196.86
Oak Valley	25.00	25.05
Purdon	500.00	638.91
Dawson	1,500.00	1,505.11
Frost	1,500.00	1,500.00
Blooming G.	750.00	754.04
Barry	350.00	363.54
White Chpl	50.00	79.00
Emhouse	300.00	318.58
Rice	500.00	541.51
Tupelo	75.00	84.70
Roane	50.00	66.50
Chatfield	100.00	129.80
Montfort	23.58	23.58
Pettys Chapel and Hester	50.00	172.76
Zions Rest	100.00	278.48
Corsicana	25,000.00	27,591.97
Officers and Cadets	486.03	486.03
TOTAL		$39,176.29

Anti-Fascists Hunt Coalition Regime;

NAPLES, April 6.—(AP)—Leaders of six anti-fascost political parties sought a formula today for their entrance into a coalition government proposed by the communists to strengthen Premier Marshal Badoglio's hand for a greater Italian war effort against the Germans.

The way was cleared in part last night by the announcement that King Vittorio Emanuele was ready to retire—without abdicating the throne—anad designated his son, Crown Prince Umberto, as his deputy.

Umberto, Prince of Piedmont, confirmed the king's readiness to surrender his powers in an interview with the Associated Press.

Whether the kind would make the move before Allied occupation of Rome remained to be seen.

Outright abdication of Vittorio in favor of Umberto or the latter's son, the young Prince of Naples, long has been demanded my many Italian political leaders on the ground that the monarch collaborated with Mussolini's fascist regime.

Sgt. Walter Farmer Missing in Action

Technical Sergeant Walter Farmer, 20, U. S. Army Air Forces, is missing in action over Germany since March 20, according to a telegram received Wednesday night by his parents, Mr. and Mrs. Harve Farmer, 817 West Park avenue.

Sgt. Farmer, a graduate of Corsicana high school and an ex-student of the University of Texas enlisted in the Air Force and had been stationed in England for some time. A letter received by his parents this week, written March 17, 1944, three days before being missing in action, revealed he had been awarded the Air Medal decoration. No details or information was contained in the letter as to the reason for the award.

Nazi Forces in Norway

LONDON, April 6.—(AP)—A Norwegian underground operator recently arrived in London declared today that the Germans now have about 150,000 troops in Norway, many of whom, he said, are convinced that Hitler has lost the war.

WILLKIE WITHDRAWS FROM PRESIDENTIAL NOMINATION RACE

DECLARES "IT IS OBVIOUS I CANNOT WIN" IN QUITTING

OMAHA, April 6.—(AP)—Wendell L. Willkie, the Republican party's 1940 standard bearer and an indefatigueable campaigner for the honor again this year, has withdrawn from the race, conceding he has no chance to win the party's 1944 presidential nomination.

In an abrupt and dramatic announcement at a rally in Omaha City Auditorium 1st night Willkie, at the conclusion of his prepared speech on "Foreign Policy," told a crowd of 3,000 that he was quitting as a candidate for the GOP nomination for president, asserting "it is obvious that I can not be nominated."

The entirely unexpected statement, which Willkie described as "something quite personal—something perhaps of not much importance"—urged that his friends "desist from any activity" toward his nomination.

His decision to quit the race was attributed to his failure to win a sngle delegate Tuesday in the Wisconsin primary. Gov. Thomas E. Dewey of New York, although not an active or declared candidate, emerged with 15 delegates pledged outright and three claimed for him.

The crowd, apparently not immediately sensing the real significance of the brief announcement, vigorously appualded Willkie.

Willkie and his party left Omaha on a late train, enroute to New York, where he is scheduled to arrive tomorrow.

In his 50-minute prepared speech, devoted primarily to criticism of the administration's foreign policy, Willkie gave no intimation of his withdrawal announcement. But at the end of his speech, which climaxed his five-day campaign of Nebraska, where he is entered in the presidential primary April 11, he made known his decision to quit.

He said it was his conviction that "no Republican could be nominated for president unless he received at the convention the votes of some of the major Midwestern states."

Willkie in Chicago.

CHICAGO, April 6.—(AP)—Wendell L. Willkie, smiling broadly, and saying he felt "wonderful," declined today to amplify his

TWO MISSING MEN SAFE; SEARCH FOR FIVE IS CONTINUED

GALVESTON, April 6.—(AP)—The known death toll of Sunday's squall on Galveston Bay mounted to three today when the body of a woman found on West Bay shore was identified as that of Mrs. L. M. Knight of Houston. Five other persons are missing.

Other known drowning victims were J. N. Collier, whose body has not been recovered; and Mrs. A. M. Jones of Pasadena, whose body was recovered Monday.

The missing included the husbands of two victims, Jones and Knight; L. B. Eastman, and John O. Jackson, of Galveston; and A. L. Jaez of Houston.

The coast guard added the name of Jaez to the list of missing today, announcing that previous reports he had been rescued were erroneous.

James O. Collins and J. D. Harris, two others who had been listed as missing returned yesterday from their fishing trip to learn they, too, had been the objects of widespread search.

APRIL SNOWSTORM—New Yorkers awoke April 5 to find the streets blanketed with a two-inch snowfall—the heaviest on that date since 1898. Here is a scene at 42nd Street and Fifth Avenue. (AP Wirephoto)

JAPANESE FORCES DRIVING INTO INDIA EXERTING PRESSURE

ASSAM FRONT SITUATION BAD BUT ALLIES HOLDING IN OTHER AREAS

NEW DELHI, April 6.—(AP)—Japanese forces are continuing to exert pressure all along the Assam front north of Imphal, but Allied troops have inflicted casualties on the enemy in ambushes laid along roads north and south of that Indian base, Admiral Lord Louis Mountbatten's headquarters announced today.

In Northern Burma, meanwhile, the announcement said, Chinese forces are driving the enemy steadily southward in the upper Magaung valley and are advancing on the village of Wakawng.

The bulletin also disclosed that 24 Japanese planes had been destroyed in an air commando attack against the Aungban airfield in Central Burma Tuesday.

Fighter pilots who returned to inspect the airdrome on the following day reported that it appeared to be almost entirely destroyed by fire. The attack was a complete surprise, the communique said, and was accomplished without loss to the commando squadron.

Heavy bombers hit Japanese headquarters and a transit camp at Nagorn Saward in a night attack which set blazes visible for 20 miles and blasted railway yards and jetties at Moulmein.

The Chinese took two tiny settlements, Mihloigr Tawng and Maranga Tawng, pin points a mile and a half east of the Mogaung valley road, cossed a ivev southeast of Laban and eliminated a Japanese stong point at the confluence of two rivers about 40 miles north og Gogaung on the Myitkyina railway.

To the east, Burmese troops advancing on Myitkyina along the Sumprabum road reached the Tiang river. (This apparently is about 45 miles north of Myitkyina, chief Japanese base north of the Burma road.)

In the Assam offensive the Japanese have seized 15 miles of the Imphal-Kohima highway and are threatening Dimapur, 80 miles away on the Bengal-Assam railway. It was disclosed that American transportatiton troops are operating and maintaining this railway, having taken over on March 1 for the purpose of push-

See BURMA, Page 8.

Blast in Naval Ordnance Plant Kills 3 Persons

HASTINGS, Neb., April 6.—(AP)—An explosion at the Hastings naval ammunition depot early today that occurred in a railroad box car and followed by another blast in a shed filled with mines and depth charges, killed three persons and five others missing are "presumed to be dead," Capt. D. F. Patterson, commanding officer at the depot, said.

In addition 35 people sustained injuries described as minor. Damage was estimated at $50,000, Capt. Patterson said. All the dead and injured were civilian depot employes living near here.

The explosion shattered windows in about 20 stores in Hastings, an estimated 10 1-2 miles from the explosion scene. Glenvil, small village on the outskirts of the plant, was hard hit, with business houses there "practically collapsed," Marshal Wert Ruins said. There was no loss of life

See EXPLOSION, Page 8.

GOP PRESIDENTIAL NOMINATION FLOATS CLOSER TO DEWEY

WITHDRAWAL OF WILLKIE MAY GIVE NEW YORK GOVERNOR OPEN ROAD

By JACK BELL

WASHINGTON, April 6.—(AP)—A Presidential nomination without strings floated enticingly close before Gov. Thomas E. Dewey of New York today as Wendell L. Willkie quit the republican race after losing a long-shot gamble for Wisconsin delegates.

Dewey, who reached for the prize at Philadelphia in 1940 only to find Willkie had grabbed it, stood far out as the leading posibility for the nomination in the wake of Willkie's dramitic bow out of a contest.

Willkie failed to win a delegate in Wisconsin, where 15 pledged Dewey representatives were elected despite the Nw York governor's previous plea to them to withdraw.

Characteristically, Dewey busied himself at Albany with a stack of legislative bills and said nothing about his future plans—a silence some of his backers said he might maintain up to the time of the June nominating convention.

(He has said he is not a candidate—but never that he would not accept.)

With a minimum of 132 convention delegates pledged or claimed for him, as compared with 26 pledged to Lieut. Cmdr. Harold E. Stassen and three to Gen. Douglas MacArthur, Dewey seemed well started. His other major opponent, Gov. John W. Bricker of Ohio has yet to show publicly in any of the 276 convention delegate selections made.

What Will Willkie Do?

While Dewey was on all counts top man in the party as of today, the question of what Willkie might do ehld the interest of republican politicians, who speculated on these possible developments:

1. Willkie might plump for a republican with liberal international views such as Stasson, thus giving that candidate's chances a boost.

2. He might return to the democratic party, which he quit before

See DEWEY, Page 8.

War At A Glance

By The Associated Press

ENGLAND—RAF bombers blast German aircraft repair plants; U. S. Liberators bomb 'invasion coast.'

INDIA—Jap forces continue pressure but allied troops inflict heavy casualties.

ITALY—Eaker discloses allied soldiers killed by own bombs.

MOODY AND MORROW WILL FILE MOTION IN NEGRO VOTE CASE

FORMER GOVERNOR DAN MOODY WILL ARGUE CASE BEFORE SUPREME COURT

HOUSTON, April 6.—(AP)—Former Gov. Dan Moody of Austin and Wright Morrow of Houston will file a motion for rehearing in the supreme court for the Texas Democratic executive committee of the decision ruling that negroes can vote in Texas Democratic primaries, Committee Chairman George A. Butler announced today.

Moody will go to Washington to argue the motion in behalf of the Democratic party of Texas, Butler told a press conference.

He announced appointment of a committee of Texas lawyers to study the opinion and the Texas election laws and make recommendations to the committee on what course of action to pursue to regulate the membership of the Democratic party in Texas.

This committee includes Wilbur L. Matthews of San Antonio, James L. Lipscomb of Dallas, Sidney Sammuels of Fort Worth, and James L. Shepherd of Houston. Other attorneys may be named to the committee later.

Butler asserted that the opinion was written to cover not only the primary election laws in Texas but to regulate party membership in all Southern States.

Opinion Far-Reaching.

"The opinion may be so far-reaching as to make it a criminal offense under the civil rights bill, which was adopted by congress during the Reconstruction period, to prevent any citizen from participation in any primary election," Butler said in a statement released at the conference.

"Therefore it seems to me that this is an effort on the part of the supreme court to anticipate and forestall any legislative or executive committee action to determine who may be members of a political party.

"The constitutionality of the procedure of the Democratic party

See NEGRO VOTE, Page 8.

BRITISH BIG STICK EXPECTED END ALL STRIKE STOPPAGES

LONDON, April 6.—(AP)—Fuel Minister Gwilym Lloyd George told the House of Commons today in an emphatically-worded statement that "strike action in time of war cannot be justified" and simultaneous government moves indicated Britain was fashioning "a big stick" to end widespread stoppages in the mining and shipbuilding industries.

As the U. S. army lent a hand to speed mining operations in the Northumberland coal fields, Lldyd George declared that the coal crisis is the worst since 1926 and declared the "Government cannot stand aside and allow collective bargaining or the machinery of conciliation and arbitration in this vital industry to be weakened or destroyed."

He did not disclose by what means this was to be prevented, but Labor Minister Ernest Bevin has been authorized by the cabinet to deal with outlaw strike inciters under the wartime defense of the realm act and the government announced it was considering what special powers were necessary to stamp out outlaw walkouts.

The total of the striking Yorkshire miners has dropped from 80,000 at the start of the week to 60,000 and a non-related strike of 20,000 Clydeside and Tyneside shipbuilding apprentices apparently has collapsed, but the general labor crisis appeared yet to be reseen.

In Belfast 30,000 shipyard aircraft and engineering workers remained idle. About 15,000 of 20,000 shipyard workers turned up this morning but after last minute talks went home. Several hundred dockers resumed work.

GREAT BLACK SEA PORT UNDER FIRE THREE DIRECTIONS

SOVIET STORM TROOPS FIGHTING IN OUTLYING AREA OF ODESSA

By EDDY GILMORE

MOSCOW, April 6.—(AP)—Russian storm troops pushed into the outlying suburbs of Odessa today and the roar of battle echoed throughout the city.,

Gen. Rodion Y. Malinovsky's cavalry and light tanks drove on the great Black Sea port from three directions, front line dispatches said, advancing from positions which last night were only nine miles from the heart of the city.

The right flank of Malinovsky's Third Ukrainian army pushed through the quagmires west of the city heading for the Odessa-Ovidopol spur railway—the last remaining escape route to Rumania for the defenders of Odessa, the dispatches added.

Even if the trapped Germans and Rumanians succeed in reaching Ovidopol, they must still make the hazardous trip by ferry to Akkerman and thence by a winding single-track railway to Rumania.

Malinovsky's cavalry and tanks cut off the main escape route to Rumania by capturing Razdelnaya, 38 miles northwest of Odessa, and than pressing southwestward to take Strassburg, which commends a side road from Odessa to Tiraspol on the lower Dniester river.

Four Red army pushes are being aimed at the heart of Odessa, but the units which are closest to the city appear to be advancing down the banks of Lake Kuilnitzki from the captured rail station of Kubanka, 14 miles away.

A Red Star dispatch reported that "big forces" of Germans are tied up in the direction of Odessa and that "violent fighting" is raging on the approaches to the city.

A dispatch from Major Mikhail Mikhailovic to Red Star said the Germans lost 1,000 dead and 20 tanks in their first big attempt to break out of the Skala area trap yesterday, and a second efort cost them even more dead.

The Russians were said to be seizing one street after another in Tarnopol, killing a large number of Germans.

At Skala, Junkers transport planes were reported making numerous trips in attempts to evacuate nals trapped in that sector west of Kamenets Podolsk, Mikhallovic's dispatch said, and 11 of them have been shot down within the past 24 hours.

Heavy Attack Claimed Surprise.

LONDON, April 6.—(AP)—The Berlin radio, reporting an American bomber thrust today into Croatia and the Austrian-Yugoslav border region, said the formation "was so surprised by the sudden and concentric attack made by the Germans that they were unable to attack at all."

The broadcast was one of several reporting the American thrust, apparently by bombers from the 15th Air Force in Italy, which was not immediately confirmed by the Allies.

Other broadcasts, also stressing the opposition put up by German defenses, said the bombers had jettisoned their loads over widely scattered areas.

AMERICAN RAIDERS SHOT DOWN OVER 40 PLANES AT PLOESTI

ACTIVITIES ITALIAN BASED U. S. AIRFORCE GROWING IN IMPORTANCE

By EDWARD KENNEDY

ALLIED HEADQUARTERS, NAPLES, April 6.—(AP)—American heavy bombers and their fighter escorts shot down more than 40 enemy planes during yesterday's big raid on Ploesti, Rumania, Germany's main source of oil, Allied headquarters announced today.

The main targets on this road were rail yards choked with tank cars. Bombs were showered over tracks, rolling stock and adjacent buildings, causing many fires and explosions, an announcement said. Adjacent oil refineries also were hit.

Smaller formations of Flying Fortresses and Liberators attacked railways at Nis and Leskovac in Yugoslavia.

Mediums and fighter - bombers continued their intensive campaign against German communications in Italy. It was announced that all rail lines from northern Italy to the front area have been cut and that the Germans have been unable to move through trains since March 28.

Air Marshal Sir John C. Slessor, deputy commander-in-chief of the Mediterranean Allied air forces, discussing the importance of the air campaign in the Balkans, said the Ploesti oil fields were vital to the Germans "on anything like a long term basis."

It was estimated that the oil field installations were 40 per cent destroyed in last summer's big raid on them by U. S. Liberators from the Middle East, but the

QUALIFICATIONS ANTHONY EDEN AS POSSIBLE SUCCESSOR PRIME MINISTER CHURCHILL BE TESTED

By DEWITT MACKENZIE
Associated Press War Analyst

If Anthony Eden resigns the British foreign secretaryship in order to devote his whole time to government leadership in the House of Commons, as is reported to be scheduled, it will put squarely to the test his qualifications as possible successor to the great Churchill as prime minister.

That will be the significance of the move if it eventuates. Many British prophets feel that Churchill's historic task of leading his people is drawing to a close. He and the chiefs of the conservative party are said to feel that the comparatively youthful Eden—he is 46—is the man to shoulder the burden, and they're going to put him through the mill to find out.

One important side-light is that if and when Eden takes the helm it will at long last bring the so-called "young conservatives" into power after many decades of battling with their elders for a place in the sun.

England, like the rest of the world, is on the verge of great changes, and coupled with those will be the post-war problems of reconstruction. It certainly is a period when political adaptibility and correct perspective will be at a premium.

Many London observers think Lord Cranborne, secretary of state for dominion affairs, will become foreign secretary if Eden quits the post. That fits the picture well enough, for Eden and Cranborne are great friends and think alike on foreign policies.

Eden of course already is government leader in Commons, but his foreign office duties require so much time that he hasn't been working very hard at his other job. Regular leadership in Commons would put him on a hot spot, where he would either make or break himself in short order. It's one of the toughest assignments in British politics. It calls not only for the inspiring qualities necessary for leadership, but for supreme tact.

Eden should make a good leader. He inspires confidence, has a pleasing personality, and is possessed of consideramle tact, which may be an acquired quality. Anyway, he needs the experience in domestic affairs.

BUTLER PLANNING ISSUE STATEMENT ON COURT RULING

HOUSTON, April 6.—(AP)—Chairman George A. Butler will issue a statement for the Democratic state executive committee oday on he supreme court ruling that negroes can vote in Texas Democratic primaries.

Butler said the statement would be based on a preliminary study of the ruling.

A representative group of Texas attorneys skilled in constitutional law will be asked to study the ruling and make recommendations to the committee, he said.

He will announce the personnel of this group today.

Albert Beazley Was Buried Grape Creek Cemetery Thursday

Funeral services for Albert Beazley, age 20 years, who died in Austin, were held Thursday afternoon at 2 o'clock from the Corley Chapel, with Rev. Jack Goff conducting the rites. Burial was in Grape Creek cemetery.

Surviving are his parents, a sister, a half-brother and other relatives.

Pallbearers were Newton Roman, Sam Tucker, B. B. Huggins, Melvin Rogers, Frank Morris and M. E. Roman.

Hollywood Stars Get Around Ration Plans of Gasoline

LOS ANGELES, April 6.—(AP)—A 10-count criminal information charging violation of War Production Board regulations by assertedly installing butane gas equipment on automobiles owned by Gary Cooper, Bob Hope, Eddie Cantor, Louis B. Mayer, Barbara Hutton, Cary Grant and numerous others, has been filed against Lawrence W. Zonker, carburetor service concern operator.

Joseph E. Harrington, chief of the War Frauds unit of the Department of Justice here, said yesterday Zonker was charged with selling butane tanks, regulators and mixers, made of strategic materials, without WPB permission and without keeping required records.

Government agents said no charges were filed abainst those owning the devices, which eliminate the use of gasoline and which, Handy declared, have been installed at an average cost of $200 each.

Bank of England Head Resigns

LONDON, April 6.—(AP)—Montagu C. Norman has resigned as governor of the Bank of England on advice of physicians, Lord Catto, financial adviser to the treasury has been chosen successor, the bank announced today.

The richest iron ore pockets in the U. S. are in Minnesota's Mesabi Range.

CIVITAN CONTEST WINNERS PRESENTED PROGRAM THURSDAY

Joe McAdams, first place winner; Winnie Lee Gilpin, second place; Ruth Brown, third, and Carolyn Dublin, fourth, all of whom participated in the recent fifteenth annual Civitan-sponsored essay contest, read their prize winning themes before the Thursday noon luncheon meeting of the Corsicana Civitans in the banquet hall of the Navarro Hotel.

McAdams' essay entitled, "Good Citizenship in the Post-War World," pointed out that our future democratic society will be only as strong as our youth are today. Youth today should be educated physically, mentally, and emotionally, and be provided with equality of opportunity, the first place winner stated.

In the essay, "Today's Youth, Tomorrow's Citizens," Miss Gilpin declared that the youth of today always strong, would reconstruct the world following the present tumult. She stated that youth is more flexible than adults and as such accept new changes more rapidly than do older people.

Ruth Brown wrote the third place essay, "Growing Into Citizenship," and in it proved her point that the students of today may not plan the peace of tomorrow, but they will enforce the peace in the post-war world. She traced the various adjustments which children, adolescents, high school and college people must make during their stages of "citizenship growing," and also indicated the multitude of influences exerted on young people during the pre-adulthood period.

In the theme, "Citizenship of Today and Tomorrow," Miss Dublin outlined the many responsibilities, and duties the ordinary citizen has to observe and perform in order to be a good citizen. She mentioned especially the necessary duty of complying with current price and rationing regulations, which are formed in a true spirit of democracy. While writing on the tomorrow's citizenship phase, she pointed out that good citizens will be needed in the post war world because of all the various nations with their multitudious peoples being thrown together to make peace among themselves.

R. A. Armistead presented the students to the club. Jack Thompson presided. Next week's meeting is in charge of the Civitan public affairs committee.

YANKS PASS "BIG BEN" DURING LONDON PARADE—American troops pass "Big Ben," famous London clock during March 30 war savings parade in which U. S Army units from scattered points throughout the European theatre of operations took part. (AP Wirephoto)

Page Winchell; His Man Smith Brags

DETROIT, April 6.—(AP)—Gerald L. K. Smith, National America First organizer, today mailed Wendell Willkie's withdrawal from the Republican presidential nomination rase as "a victory for the America First cruside."

"His (Willkie's) admission that we America Firsters beat him in Wisconsin is significant," he added n a brief statement.

Smith earlier had termed the Wisconsin primary, in which Willkie failed to obtain a single delegate, a trumph for the American First people.

A son was born to Mrs. F. L. McClure, Frost, at the P. and S. Hospital.

Mrs. Ozelma Morgan is a patient in the P. and S. Hospital.

Mrs. J. T. Lansford is a patient in the P. and S. Hospital.

Mrs. G. R. Weaver and baby went home from the P. and S. Hospital Thursday.

Coffee-Kellems Verbal Clash Is Still In Progress

WASHINGTON, April 6.—(AP)—Demands for official action came from both principals today in the verbal duel between Rep. Coffee (D-Wash) and Miss Vivien Kellems of Westport, Conn., war plant executive who was accused by Coffee of having corresponded with a "nazi agent" in Argentina and making "seditious" speeches.

Miss Kellems declared in an interview here that her personal mail had been tampered with, that Coffee must know who was responsible, and implied that as a "woman of action" she would press for prosecutions.

Commenting on her statement, during which she accused Coffee of uttering "lies" and called him a "sneaking coward" who 'ought to be in prison,' the democratic legislator said:

"I reiterate x x x there should be an inquiry by the appropriate authorities, on the basis of the statement I made to the house.'

He referred to a speech in which he said Miss Kellems had publicly urged business men to refuse to pay income taxes and had carried on a correspondence with Count Frederick Karl von Zedlits, whom he rescribed as a "nazi fifth-column spy."

FOUR CORSICANA HI STUDENTS PASS NAVY V-12 EXAMINATIONS

Four Corsicana high school young men have received notification that they have passed the V-12 naval examination given March 15 in the local high school according to R. A. Armistead, principal. The prospective V-12 men are Bill Newton, son of Dr. and Mrs. E. H. Newton; Henry Nieper, son of Mr. and Mrs. Emil F. Nieper; M. D. Griggs, son of C. A. Griggs, and Gerald Smith, son of Mrs. W. L. Callaway.

When these present high school students have passed the physical examination, and several other qualifying tests, they will be accepted by the navy and will begin a period of college training preparatory to becoming naval officers.

Armistead stated that other local boys may receive their notification at a later date.

Bricker Hopes to Get Shars.

COLUMBUS, O., April 6.—(AP)—Gov. John W. Bricker said today he did not know where Wendell Willkie's strength might go now that the 1940 republican presidential standard bearer nas removed himself from the 1944 race for nomination.

Newsmen asked the only remaining candidate for the nomination whether it was not a natural assumption that he hoped to get "your share of that strength."

"Yes, of course," the governor replied.

Bricker returned early today from Pittsburgh where he met last night. He said, with "50 or 60 industrialists" He was in that meeting when word of Willkie's withdrawal was announced.

The withdrawal, Bricker said, would make no difference in his compaign plans.

Libitina was the Roman goddess of funerals.

Three Fire Alarms But Little Damage

Three fire alarms were answered in East Corsicana Thursday morning with practically no damage resulting.

A roof fire from a flue blaze caused a run at 8:30 a. m. at 1214 East Fourth avenue.

A flue burning out at 316 North North Fourth street at 8:45 a. m. caused the second run.

The third alarm came at 10 a. m., when turnip greens cooking boiled all the water out of the pot, scorched the greens and filled the house with smoke at 1204 East Seventh avenue.

LARGE NUMBER MEN SENT CAMP WOLTERS FROM BOARD NO. 1

Selectees sent to Camp Wolters Thursday morning for induction into the army from Navarro county board No. 1 included:

George Milton Hair, James E. Posey, Franklin Rufus Nichols, Edward Gordon Rainey, Aaron Watts Bule, Billy Edward Baggett, William Edgar Davis, David Odell Price, Foy Vernon Britton, Marvin Marion Sanders, Judson Alonzo Blackman, James Bedford Hanna, Frank George Clampitt, Claude Lawrence Nichols, Samuel Winston Duncan, Virgil Rex Bailey.

Othal Ellis Barker, Marion Vernon Ray, Jesse Gomez, Roy Collins, Eldon Edison White, Harold Glenn Henson, Cleo Lee Bibbs, Vernon E. Thomas, Johnny Melvin Bowman, Otho Wilson Williams, Leon Burns, Olin Simon Burns, Ernest Leon Tackett, Frankie Clarence Pritchett, Royal Willard Marlow, Winston Floyd Dunn, Vernon Lafayette Richards.

Claude Norman, Sanford Bruce Watson, Floyd David Ray, Homer D. Humphries, Edward Whitten Aston, Zollie Franklin Holt, Roy Frances Brewer, Edward Wayne Moore, J. Lynn Boyte, Jake Rube Blumrosen, Prentice Maurice Potter, Buddy Dorwyn Carroll, Thomas Hayden Paschall, Billy Dean Talley, Horace Dexter Phillips, Dean Leon Wood, Lynn Arlington Pillow.

Harry Urbin Bruton and Warren Candler Peeples were placed in the enlisted reserve and remain at Corsicana Field, Air Activities of Texas.

Navy contingent will report April 12 for active duty.

A contingent of negro selectees are scheduled to go to Camp Wolters, April 17, and negro selectees to the navy on April 22.

FUNERAL SERVICES HELD AT STREETMAN FOR AUSTIN B. CLARK

Funeral services for Austin B. Clark, age 69 years, who died at the Navarro Clinic Wednesday night, were held from the residence in Streetman Thursday afternoon at 4 o'clock. Interment was in Birdston cemetery. Rev. R. Otis Sory conducted the rites.

Clark had been a resident of the Streetman community all his life.

Surviving are his wife, Streetman; a son, Austin B. Clark, Jr., Dallas; two daughters, Mrs. I. D. Puckett, Kennedy; Miss Ora Belle Clark, Streetman; four sisters, Mrs. C. E. McBride, Corsicana; Mrs. W. J. Sherrard, Mexia; Mrs. E. E. Adamson, Mexia; Mrs. S. D. Grimstead, Weatherford; two grandchildren, and other relatives.

Pallbearers were P. J. Curry, R. C. Cole, J. L. Bonner, T. L. Sherrard, J. K. Webb and R. G. Bounds.

Corley's Funeral Home directed the arrangements.

Prizes Offered For Essays On Cotton

AUSTIN, April 5.—(AP)—For the best essays by high school students on the contribution that cotton is making to the war effort, the Cotton Trade Journal of Memphis, Tennessee will award several thousand dollars in prizes throughout the 16 cotton-growing states, the state board of education announced today.

First cash prize for Texas students is $100; and 98 other prives range from $75 down to $5.

The student whose work is judged the best for all 16 states will be given an all-expense trip to New York as the guest of the New York Cotton Exchange.

DR. LEE WARNS OF CHANGES NEEDED IN STUDENT COUNSELS

DALLAS, April 6.—(AP)—Dr. Umphrey Lee, president of Southern Methodist University, warning that changes will have to be made in the field of student counseling after the war is over, says:

"That stale stuff we've been giving students the last 25 years won't work with the boys back from the front."

He made his remarks before a meeting of the Association of Texas Colleges, adding that schools must be ready in the postwar period to operate two types of programs: One along conventional lines and the other an accelerated program for returned veterans.

Lt. Col. C. L. Brownell of the Army Air Forces Training Command predicted an expanded physical fitness program which might include compulsory correction of remedial defects. He said also that military training for students is coming and that it wil be more "than just close order drill."

Paul Carrington, chairman of the Dallas Chamber of Commerce postwar planning committee, told the educators a prime postwar objective should be an educational program which would train youth to world citizenship and tolerance of other peoples.

Lions Minstrel Will Be For Charity

At the directors meeting of the Lions Club held at the Chamber of Commerce Wednesday afternoon the directors voted to add the net sum made from the coming Lions Club minstrel to the Lions Club charity fund.

Robert Dillard, who will direct the minstrel, told in some detail the plans for the minstrel, which will be held in the auditorium of the senior high school Thursday night, May 4.

Committees have been set up and plans are being made for a first class performance with many new novelties and acts. Mr. Dillard will be assisted by Sam B. Werner and rehearsals will start soon.

In limited space, garden experts advise pruning tomato plants to a single stem and tying it to a stake.

AUTHENTIC SET OF QUINTUPLETS BORN IN BUENOS AIRES

BUENOS AIRES, April 6.—(AP)—The Dionnes' appeared today to have an authentic set of rivals for quintuplets honors.

Dr. Jose Alejandro Beruti informed the Argentine Medical Association that after a careful investigation he saw no reason to doubt that Senora Franco Diligenti of Buenos Aires bore quintuplets last July 15—Two boys and three girls.

De. Beruti, head of the obstetrical department of the University of Buenos Aires School of Medicine and first resognized medical authority to report on the case, said that skepticism which greeted first newspaper announcement of the births apparently was unwarrnted by the data he had uncovered.

The skepticism arose when no trace of quintuplets could be found in official birth records. The parents explained that they had tried to keep the event secret because of the fear of publicity.

The doctor said that according to his inquiry Senora Diligenti was attended only by a midwife in whose home the births occurred.

CASSINO

CONTINUED FROM FIRST PAGE

ered as a criticism of the ground forces or their commanders.

"Air force commanders advised the ground force commanders of the destruction which could reasonably be expected from such a bombardment and that the obstruction would not be completely devastated nor could the air attack be expected to dislodge all enemy opposition.

In his opinion, Eaker remarked, accuracy of the bombing had little effect on the general over-all result.

"Over a long and more sustained period a greater degree of decastation could have been caused in Cassino," he said, "but it probably would have had little bearing on the final result. The enemy forces in their cellars, deep dugouts and underground passa[illegible] would not have been affected."

Eaker said that the air forces had, nevertheless, been highly efficient in knocking out German guns behind the front. He listed the big jobs of the air forces in this theater as knocking out the luftwaffe, both in shooting down planes and destroying the factories producing the planes; attacking German war industries and communications generally, and aiding the Partisans in Yugoslavia.

PLOESTI

CONTINUED FROM FIRST PAGE

Germans are said to have repaired most of that damage.

Liberators, which were the first to go over Ploesti yesterday, encountered intense flak and more than 125 German planes. The Fortresses arriving later met fewer Germans.

As the big bombers left, the fliers said, the rail yards were in flames and tank cars exploding.

While unfavorable weather did not permit full-scale air operations in Italy yesterday, attacks were made nevertheless on Colleferro, northeast of the Anzio beachhead; at Terracina and Formio, on the west coast above the main Fifth army front; at Frosinone, beyond Cassino, and along the coastal railway beyond Rome.

Warhawks attacked a battery of German heavy guns at Procula, north of the beachhead, and bivouac areas and a supply dump northeast of Cisterna.

Slessor announced that the total number of enemy planes shot down in Sunday's big raid on Steyer, Austria, now has been found to total 157—by far the biggest bag ever scored by planes from the Mediterranean theater in a single raid.

Allied fliers say that one reason for the large number of enemy planes destroyed in recent raids is the reduced quality of the German arimen.

Lt. Gen. Ira C. Eager, Allied air commander in the Mediterranean, says he believevs the Allied air forces can knock the German air force out completely. The time may not be far off, he added, when there will be little effective opposition.

"Then," he declared, "it will become practically a transport service merely carrying bombs."

Aground artillery duels raged in the Cassino area and near the west coast end of the main battle line, a bulletin said, adding that patrols inflicted casualties on the enemy.

CORSICANA, TEX., APR. 7, 1944

JUMPING THE CHANNEL

Russian leaders are out of patience with the delay of the other Allies in starting the expected "second front," and it is natural to sympathize with them. They have done a great job and an immense service in stopping the eastward thrust of the Germans and pushing them back almost to their starting line. For this they cannot be praised too highly. But they are tired from the long drive and have doubtless suffered losses far beyond anything the western Allies yet have to show. It is almost time for the latter to take over. And from many indications, it seems clear that the Big Push is almost ready to start.

That great drive eastward from Britain, to press the Destroyers back and crush them between the Allies of the West and East is a tremendous undertaking. Its numbers and equipment are almost beyond any effort of the human mind to grasp. The crossing of the perilous English Channel in itself will be a daring and difficult proceeding. And with the landing will come powerful resistance and the clash of great armies, on land and in the air. It may be the most decisive fight in modern times.

WORK!

Henry Ford is seldom communicative, but when he does talk he is likely to say something interesting. Two or three remarks he made the other day in Atlanta are causing comment.

His most impressive statement was that he believed the war would be over in two months. He ought to know as much about the matter as anybody outside of Washington, because he is making war materials on an enormous scale and has sources of information not available to most people. But he says he "can't tell his reasons" for thinking so. That might mean either that whatever he knows about the matter is a deep secret, or merely that he has a hunch. Ford has often seemed to operate more on hunches than on logic, and has certainly been right oftener than wrong.

But that kind of speculation does ordinary Americans no good. Here is something sound and solid from the nation's biggest industrialist. "Go to work," he says. "That's the answer to everything. Laziness and idleness are the cause of all the world's troubles. By idleness I mean idle land as well as idle people."

Most of us think we are working reasonably hard now, and we don't seem to see much idleness. Yet we may be idle and lazy when judged by Mr. Ford's standard of useful production. Nearly all of us could do a good deal more than we're doing.

IS EDUCATION SLIPPING

Columnist Paul Mallon has been engaged lately in what seems like a one-man crusade against current American education, or what passes for it. He seems to be getting corroboration from many intelligent educators and observers.

In the evidence he presents, from educators themselves, it looks as if many schools are engaged too much in matters of little educational importance. A California educator is quoted as saying there is only one way in which the average students surpasses his predecessors: he has limitless self-assurance "Knowing less anad less about more and more things," says this authority, "he fails to develop intellectual humility and feels that he already possesses all the answers. He is arrogant, and doesn't understand why he should work on matters that don't interest him."

Do these faults really exist so widely? And if so, are earnest efforts made to overcome them? Is scholarship deteriorating? This is no time to go deeply into such problems, but maybe there should be a new "reorientation" after the war.

GERMAN COLLAPSE

Why the Germans hold out in the face of constant bombing at home and continued bloody defeats in Russia, is explained by Ralph Ingersoll, the former editor of PM. Writing from North Africa in his book, "The Battle Is The Pay-Off," he says,,

"With their millions of slaves, the Germans think they can hold out until their enemies weaken, or are bled to death by submarine warfare, or are tricked into fighting among themselves. I believe they will continue to think this until they suffer a major defeat on a battlefield as close to their capital as Waterloo was to Paris."

In other words, the chief task of the United Nations is to make the Germans believe that their enemies mean what they say. When that idea actually penetrates, the collapse will be swift and final.

THOSE WERE THE DAYS

How long ago it seems since followers of the war were terrified lest the Germans seize Dakar on the West African coast, and thus prey to even greater advantage on Atlantic shipping!

Those were the days when the Nazis bade fair to cut Russia in two and virtually put her out. of the war by seizing Stalingrad and the Volga. And it was still far from certain that Great Britain would be able to stand up against the ceaseless bombing of the Luftwaffe.

There will be moments of discouragement and dismay when losses are heavier than expected, but we shall not go back to the gloomy days of 1940 and 1941.

ITALY'S GOEBBELS

Virginio Gayda, Mussolini's former mouthpiece, according to the German-controlled radio at Rome, has been killed in an air raid.

This makes the second prominent Fascist to die a violent death. Count Ciano, Mussolini's son-in-law and foreign minister, was executed by the Nazis for turning against his father-in-law.

Retribution for the Nazi leaders comes more slowly, but some day the papers will be filled with deaths of Hitler and his aides.

The New York department stores are conserving wrapping paper. Many small parcels will be simply tied up with string. In the case of shoes, will they use the shoe string?

Some Londoners say the bombs are not so bad—for a while it was so quiet that they couldn't sleep.

Edgar A. Guest

POWER

At first a little group they stood
Eager, happy and content.
One and all in doing good
Time and strength and money spent,
Then in an unfortunate hour
Some resented use of power.

Thus the group was split in two.
Envy, rage and strife began.
Some in bitterness withdraw
Boasting they'd a wiser plan,
But where peace had reigned before
Wild dissension held the floor.

"Further, further to the right!"
"Further, 'o the left!" they cried.
Each professing clearer sight
To command the purpose, tried.
Thus what might have ended well
Into dissolution fell.

Is it here we humans all
Into self-destruction slip?
Is the snare in which we fall
Pride of power and leadership?
And so fond of power are we
Peace on earth can never be?

L. J. Foster Honored At Banquet By IOOF On Tuesday Evening

Navarro Encampment No. 44 IOOF, honored L. J. Foster with a banquet Tuesday evening at George's Grill after a short program at the IOOF Hall. Foster, who goes to the U. S. Army within the near future, has been prominent in IOOF circles for a number of years and in addition to his membership in the Encampment, is a trustee of the subordinate lodge and is a member of the Canton. He was presented a steel-cased Holy Bible by the Encampment.

Scores of Odd Fellows and their wives of Corsicana and Mexia attended the banquet. W. A. Chaffee was master of ceremonies. No set program was carried out.

County Council PTA Meets At Kinsloe House On Saturday

The annual Spring meeting of the County Council of Parent-Teacher Associations has been planned for Saturday afternoon at 2 o'clock at Kinsloe House, with the president, Mrs. O. K. Vinson, of Barry, presiding.

Mrs. J. K. Bradley of Rice and Miss Sarah Holman have arranged a program with Miss Janet Davis, violinist, and a quartette of Aviation Cadets from Corsicana Field as participants.

A panel discussion of a current question will be presented by superintendents and principals of county schools, under the direction of Supt. Ray Waller of the Dawson schools.

Members of all PTA organizations are cordially invited to attend the meeting.

KERENS EXCEEDED ITS RED CROSS WAR FUND DRIVE QUOTA

KERENS, April 4.—(Spl.)—Final tabulations on the 1944 Red Cross drive for Kerens and its surrounding communities revealed a total of $.292 paid in against its quota of $2,000. The major portion of these funds were received the first two or three days of the drive but funds continued to come in and no final report was given until the close of the campaign.

According to R. D. Mabry. local chairman, the country communities of Bazette, Wilson, Buffalo, Rural Shade, Round and Long Prarie, Oak Grove and the other smaller settlements are due much credit for the success of the drive for 1944. People in these communities responded generously and there was a very noticeable reaction on the part of the colored people in making contributions this year. Most of such contributions were small but came in large numbers.

Mr. Mabry is due great credit for his efforts each year toward the Red Cross drive as he always succeeds in getting Kerens and its communities over the top on its assigned quota.

Pfc. Jas. D. Taylor, U. S. Marines Corps, Receives Citation

Pfc. James D. Taylor, United States Marine Corps, formerly of Corsicana, has received a commendation and citation for his meritorious conduct against Japanese forces at Tarawa Atoll, last November.

A copy of the citation has been received by his sister, Miss Avo Taylor, 1565 West Fifth avenue, employee in the accounting department of the American Well and Prospecting Company. Two brothers of Pfc. Taylor are in the U. S. Army, one stationed in England and the other in New Jersey.

The citation: "For meritorious conduct while in combat against enemy Japanese forces during the attack on Tarawa Atoll, Gilbert Islands, on the night of 22 November, 1943. When his squad was ordered to withdraw from an isolated position surrounded by the enemy, Private First Class Taylor voluntarily assisted his assistant squad leader in carrying his severely wounded squad leader back to safety through an area clearly illuminated by several large fires. His loyalty, courage and devotion to duty were in keeping with the highest traditions of the United States Naval Service."

Signed: Julian C. Smith, Major General, U. S. Marine Corps, Commanding.

Dawson Marine Is Reported Wounded

WASHINGTON, April 5.—(AP)—One Texan, William T. Berry, private in the U. S. Marine Corps Reserve, of Dawson, Navarro county, Texas, is listed among the 117 casualties announced today by the navy department.

Pvt. Berry, son of Mrs. Blanche Berry, Dawson, was wounded in action.

Abaca fiber is the raw material of Manila rope.

IN THE ARMY—Pvt. Jennings B. (Bug) Paschal, Jr., 19, U. S. Army is now stationed at Camp Callan, San Diego, Calif. A former Corsicana high school student he was a member of the 1942 Tiger football team. He entered the Army December 31, 1943, and is the son of Mr. and Mrs. J. B. Paschal, 904 West Sixteenth avenue.

Rites on Wednesday For Thomas Lonon, Who Died Orange

Funeral services for Thomas P. Lonon, who died at Orange, were held Wednesday afternoon at 2 o'clock fom the Corley Chapel with H. B. Smith, Church of Christ minister, conducting the rites. Burial was in Younger cemetery.

Surviving are his wife, a son, his mother, a brother and other relatives.

Palbearers were Ed Burnett, Alton Burnett, Frank Irwin, A. Q. Thornton, John Christian and C. E. Kennedy.

Fresh water fish contain less iodine than salt water fish.

Sir Walter Raleigh was beheaded as a spy.

RAT POISON SENT TO SCHOOLS IN COUNTY FOR DISTRIBUTION

Rat poison was sent to the various schools over Navarro county for distribution to school children Tuesday and Wednesday, it was revealed at the office of E. D. McCormick, county judge.

The farmers and citizens signed up for rat poison, sponsored by the Corsicana-Navarro county health department, state and federal agencies and the commissioners court co-operating. Considerable trouble was experienced in getting the poison bait distributed to some of the schools, it was stated.

Boyce Martin Receives Award of Recognition

Boyce Martin has received an "Award of Recognition" for "Meritorious Service to the United War Chest of Texas," in the 1943 campaign to raise Texas' share in the national war fund to meet the humanitarian needs of the war front, the United Nations front and the home front. Gov. Coke R. Stevenson is honorary chairman of the organization.

Cooper Union, a seven-story structure, was the highest building in New York City in 1859.

LT. GEO. WATKINS, VICTIM AIR CRASH, IS HERE ON VISIT

Lieut. George Watkins. USAAF, co-pilot on the B-24 which crashed and burned on Jan. 29, at Peterson Field, Colorado Springs, Colo., has been in a hospital for 59 days and has now sufficiently recuperated to spend a 15-day convalescent leave with his parents, Mr. and Mrs. George W. Watkins, and his wife, Mrs. Kathryn M. Watkins.

The 22-year old lieutenant was one of the three survivors of the eight-man crew which manned the bomber, and in an interview grinned as he said, "The only two Texans who were on the ship both lived to tell the tale of the crash." The other Texan was the radio operator, William P. Johnson.

The crash occurred when the chief pilot, also a survivor, attempted to land in a dense fog which had a ceiling of only 50 feet. The control tower was talking the ship in, but the pilot missed the runway, caught a wing tip on the tower, causing the ship to hit the ground at 120 miles an hour. Lieut. Watkins, whose safety belt remained fastened despite the impact, was thrown seat and all, through the windshield. The plane exploded four times.

Lieut. Watkins lost two teeth, received severe burns to his head, hands and arms, a large gash through his lower lip, and a broken jaw. The young pilot is regaining his health rapidly now and comments that "Those army doctors are okey."

How to Launder a Sweater Discussed For 4-H Club Girls

"How to Launder a Sweater" was discussed by Mrs. Woodall, sponsor, at the Alliance Hall 4-H Club meeting Thursday, March 23. Roll call was answered by each member telling how she hung out clothes in order to prevent wrinkling. Miss Eva Williams, assistant home demonstration agent, will discuss "Garden Saboteurs" at the next meeting.

There are about six animals to each square mile in the national forests of the United States.

TWO NEW OFFICERS REPORT FOR DUTY CORSICANA FIELD

Two new officers have reported to Corsicana Field, Air Activities of Texas, as tactical officers, First Lieut. Louis R. Renfrow, public relations officer at the field, announced Tuesday.

First Lieut. Richard S. Croker has been transferred here from Randolph Field, Texas. His home town is San Pedro, Calif., while his wife and two children are in San Antonio. Lieut. Croker was transferred here from the student instructor detachment of the Central Instruction School, Randolph Field, where he had been stationed 10 1-2 months.

Sec. Lieut. Robert F. Dietz, Mt. Lakes, N. J., was transferred here from the Midland Army Air Field, Midland, Texas. His wife is here.

Visited Corsicana.

Rufus Pevehouse, deputy U. S marshal, former Corsicana resident, was a business visitor in Corsicana late Tuesday afternoon.

Approximately 60,000 Pounds Scrap Metal Collected First Day

Approximately 60,000 pounds of scrap metal was collected Tuesday by the U. S. army contingent of 40 men in the opening day of the collection in Corsicana, according to S-Sgt. James J. Moore of the military personnel.

The soldiers are billeted in the American Legion Hall on North Twelfth street.

After the collection of scrap metal is completed in Corsicana, a farm-to-farm campaign will be inaugurated.

The scrap is being placed on a vacant area near the union depot.

Roane School Club Presented Play

A play entitled "Little Miss-Wait-a-Minute" was presented at the Roane fifth and sixth grade Citizenship Club meeting on March 29. Preceding the play, the club reporter gave a report on the good manner and bad manner lists.

Roane 4-H Boys And Girls Clubs Met In Joint Session

The Roane 4-H boys and girls clubs met in a joint session April 4 for a discussion on how to kill "Garden Saboteurs." Miss Eva Williams, assitant home demonstration agent, and L. L. Bennett, agricultural agent, were in charge. Each member was given a booklet describing how to save victory gardens from various insect pests. The program included discussions on types of insect-killing powders, and a demonstration of different kinds of sprays.

Preceding the joint session, the girls' unit discussed caring for victory gardens, and the boys' unit reviewed the manner of feding calves in preparation for the fall stock shows.

Mustangs Strat Airfields.

LONDON, April 6.—(AP)—Mustang fighters of the Ninth Air Force yesterday swept into France, zoomed down through the clouds to zero altitudes at 450 miles per hour to shoot up the Bourges airfield, 100 miles south of Paris. They destroyed six enemy planes and damaged many more.

The group was led by Capt. Jack Bradley, Brownwood, Texas, who whipped across the field at altitudes from 10 to 20 feet. Hits were scored on a hangar, apparently filled with combustible material, for it burst into flames.

Other Ninth Air Force Mustang and Thunderbolt fighters strafed airfields near Tours, Laval and Chartres. Many pilots reported intense flak but no enemy planes. Two fighters failed to return.

Lt. Robert L. Shoup, 3936 Delaware avenue, Port Arthur, Texas, destroyed an ME-410.

PACIFIC WAR

CONTINUED FROM FIRST PAGE

27th bombing since Valentine's Day. Two navy search Liberators paid Wake a visit, Admiral Chester W. Nimitz reported, sinking a small cargo vessel. Four enemy positions in the Marshall Islands were bombed.

Twenty-five Japanese fighters, not seven as first reported, were shot down by American Liberators over Truk Sunday, it was disclosed by 5th army air force headquarters.

MacArthur Expected toStay.

ALLIED HEADQUARTERS, In Southwest Pacific, April 6.—(AP)—Regardless of any future change in the status of the South Pacific area or alterations in its present command it is reliably believed General Douglas MacArthur will continue in complete direction of Southwest Pacific offensives, both operational and strategically.

Some question of MacArthur's position developed with disclosure by newspaper correspondents at South Pacific headquarters that Admiral William F. Halsey, who has been in direct command there since August, 1942, may soon be relieved of his command and assigned an important new post.

There is every indication here that if such a change occurs it will not affect MacArthur's control of operations within the present sphere of activity or influence his long range plans in nay way.

Philp Comments.

DALLAS, April 6.—(AP)—Wendell Willkie "should have been able to show some strength in Wisconsin and I was very much surprised that he didn't," says John W. Philp, secretary of the Texas Republican state executive committee, regarding Willkie's withdrawal from the race for the Republican presidential nomination.

"The result there would indicate the Republicans are thinking very much about domestic matters and not so much of foreign affairs," said Philp.

There are nearly 17 million people in Burma.

OKLAHOMA WOMAN TELLS OF BEING HELD UNDER SPELL

HELPED SWINDLE FATHER OUT OF THOUSANDS OF DOLLARS, SHE SAYS

By BEN FUNK

TULSA, Okla., April 6.—(AP)—Plump, brown-eyed Virginia Evans testified today she helped swindle her father out of thousands of dollars while Mrs. Fay Smith, mysterious Tulsa widow, held her under a strange, almost hypnotic influence.

Common Pleas Judge Carter Smith's courtroom was packed with curious spectators as Miss Evans took the stand, the first witness in Mrs. Smith's preliminary hearing on fraud and conspiracy charges.

There were excited calls for a doctor as one woman in the audience fainted.

Shortly before the noon recess, the court ordered Mrs. Smith held for district court trial on a charge of obtaining money under false pretenses. Further testimony was scheduled this afternoon on charges of fraud and subornation of perjury.

"The court finds," Judge Smith said, "that the offense charged (obtaining money under false presenses) has been committed and the defendant in the court's opinion is guilty."

Miss Evans said she went to live in Mrs. Smith's fashionable apartment to take religious treatments and came under a spell so strong that for seven years she was the woman's virtual slave, submitting to inhuman treatment while Mrs Smith appropriated her earnings.

Mrs. Smith, a pudgy, dwarf-like woman, sat at the counsel table between her two attorneys and kept her pale blue eyes glued to the witness.

At first, Miss Evans testified, Mrs. Smith charged her only $25 a month, but gradually this was raised until at the last she was turning over almost her entire earnings as an office worker, retaining only enough for the barest necessities of life.

"I though Mrs. Smith was a sacred, Godly woman," she said. "I had absolute confidence in her. Anything she told me to do I would do without question."

Her Father Swindled.

Miss Evans said that four years ago her father, Tom Evans, a Stroud, Okla., merchant, began sending her $31 a week for living expenses, thinking she was ill and unemployed. All of that, she testified, went to Mrs. Smith.

Last July, she continued, Mrs. Smith "told me she thought my father needed to be saved and that by making him suffer he would see the light and be saved."

To make him "suffer," she related, Mrs. Smith wrote to him, told him Virginia was in a dangerous mental and physical condition and suggested he send an additional $35 a week to pay for a nurse.

Miss Evans said she faithfully backed Mrs. Smith in the scheme and when the weekly checks arrived she turned the money over to Mrs. Smith.

County Attorney Dixie Gilmer accused Mrs. Smith of covering a high pressure confidence scheme under a cloak of religious asceticism. He charged that Miss Evans and Miss Willetta Horner, who lived with Mrs. Smith five years, existed in a state of miserable serfdom while Mrs. Smith used their earnings to live in luxury.

CHARLEY PARKER IS WINNER IN CITY TRACK MEET AT SAN ANTONIO

SAN ANTONIO, April 6.—(AP)—Charley Parker, San Antonio Jefferson High school's great sprinter, boosted his three-year winning streak to 43 races in a row by winning the 100-yard and 220-yard dashes in record time in San Antonio's city track meet yesterday.

Despite a faulty start, the "Pony Express" sped the century in 9.8 seconds. His time for the furlong, around the turn, was 22 seconds. As a climax, Parker ran the quarter-mile for the first time this season in the mile relay and anchored Jefferson's team to a record of 3 minutes, 35 seconds.

Eight records fell during the meet and one was tied. Other impressive marks besides Parker's were a 14.5 high hurdles by August Erfurth of Brackenridge, a 51 flat 440 by James Bodiford of the same team and a measured leap of 6 feet, 2 inches in the high jump by Brackenridge's James Southworth.

Brackenridge scored 71 1-2 points to win the meet, handing Jefferson its first loss of the season. The Mustangs made 66 1-2 and San Antonio Tech 10.

M'CARTHY MAY FIND NEEDED OUTFIELDER ON PITCHING STAFF

ATLANTIC CITY, April 6.—(AP)—If Marse Joe McCarthy of the New York Yankees is real hard up for a replacement for Johnny Lindell, he may find that gentleman where he found his navy-pound centerfielder—right on his own pitching staff.

In Al Lyons, a rookie right-hander who won four and lost six for Kansas City last year, he has a husky candidate who can do a better than fair job in the outer gardens where it is conceivable he might follow in Lindell's footsteps.

When Lyons broke into baseball in Los Angeles, he was a pitcher but due to an arm injury he turned to outfielding when he joined the Yankee chain at Joplin, Mo.

Lindell took his draft physical yesterday and passed a preliminary test. The doctors are giving him another once over and will pass him for the navy if X-ray tests prove that he will not be troubled by an old head injury.

The army is nearing its goal of 7,700,000, having reached the seven and one-half million rigure at the beginning of the year.

Parking Meter Receipts.

Receipts from the parking meters in the business district the past week amounted to $233.10, according to J. P. Welch, city secretary, as compared with $227.57 the previous week, an increase of $5.53.

MEXICAN WORKERS MAY BE ALLOWED COME TO TEXAS

LAREDO, April 6.—(AP)—Mexico's secretary of foreign relations, Ezequiel Padilla, today informed Publisher William Prescott Allen of the Laredo Times that Mexico is studying the possibility of allowing Mexican workers to come to Texas to help relieve a shortage of manpower on farms and in some other industries.

Thousands of Mexican workers have been sent to other states under contract but have not been allowed to come to Texas. Mexico has alleged its nationals are discriminated against in Texas, and Gov. Coke R. Stevenson several months ago set up a commission to foster a better relationship.

Allen said he planned to go to Mexico City soon to confer with President Avila Camacho and Secrefary Padilla in an effort to convince them that lifting of the ban would benefit not only the Mexican workers and Texas agriculturists, but the whole war effort as well.

Senator Doubts FDR Seek Fourth Term,

WASHINGTON, April 6.—(AP)—Expressing doubt that President Roosevelt would seek a fourth term, Senator Bailey (D-NC) today proposed a Byrd-Farley ticket for the democrats.

Said Bailey:

"I seriously question whether President Roosevelt will seek a fourth term. I think most of the delegates probably will be for him, but I question whether he will run."

He suggested Senator Byrd (D-Va) and James A. Farley, former democratic national chairman, "would make a fine ticket and the democrats could win with them."

In announcing his support of Byrd in an interview, he added, "I'm not drafting anybody—I'm nominating somebody."

At the same time Senator Gillette (D-Iowa) predicted Iowa's 20 delegates to the democratic national convention wiuld be pledged to support a fourth term nomination for President Roosevelt and added "I expect to be one of them."

CASUALTY LISTS ACCENT THE SIGNIFICANCE OF EASTER*

Comfort For Bereaved Kin of Heroes is Imparted by Scripture—The Apostle's Sure Note of Immortality—Effect Upon Daily Life of Believers

By WILLIAM T. ELLIS

War's dead are affecting life, as casualty lists grow, they carry into thousands or homes, in every part of the land grief that no man may measure. Lives are turned afresh to the one sure source of comfort, the Book that is being increasingly read. A recent Gallup poll reports that 64 per cent of the people are reading the Bible every day, and the proportion is rapidly rising.

For the consolation of the grief-stricken is two-fold: a consciousness that our men died for Country and Cause; and the assurance of a life and a reunion beyond the grave. This latter is the clear teachig of Scripture, and the glad truth that the world celebrates at Eastertide.

One of the paramount facts of life is death. Each day's newspaper varies in its contents; but it always carries news of deaths—each death representing a tragedy and a sorrow to some circle. Anything so inevitable as death should command a place in our thinking. Nobody knows when it may come; but come it surely will. It is not the part of common sense to reckon early with this sure destiny, and to be prepared to die? Wth the disappearance of the fear of death go most of life's worries.

More Than Five Senses

A few days ago I heard a group of learned men, many of them scientists, discuss the topic of "extra sensory perceptions"—the mental or spiritual capacities of man, over and beyond the five senses. There are at least twenty college laboratories working on this subject; and they are agreed in their conclusion that these "extra sensory perceptions" are real, but more powerful in some persons than in others.

In other words, science is catching up to Saint Paul, who declared that there is a spiritual body as well as a natural body. Man is more than a combination of perishable chemicals. We all are and can be more than we know. This teaching holds out the possibility of the race rising in its spiritual capacities, to create a new world. There is a close connection between the truth of the resurrection body and our present walk. Indeed, Paul closed his magnificently triumphant fifteenth chapter of First Corinthians with this exhortation, "Wherefore, be ye steadfast, immovable, always abounding in the work of the Lord."

On the Jerusalem Wall

One memorable Easter morning Milady and I arranged to be at sunrise on the northern wall of Jerusalem, on the roof of a friend's home. From our vantage point we could see the Church of the Holy Sepulchre; the Garden Tomb, which was at our feet; the site of Cavalry, whatever its exact location; and the Mount of Olives to the east, with Gethsemane in clear view; and the Hall of Judgment just behind us—all the scenes associated with the last days of Jesus were near and within range of our vision.

As the sun rose over Olivet, the cllence of the night ceased, and we two, alone on our eyrie, joined in spirit with the worshippers hastening to the Church of the Holy Sepulchre. We read the Gospel records of the Resurrection, and Paul's pacan of immortality in his Corinthian letter. Every thing consipired to drive deep into our chastened consciousness the reality of the Saviour's rising from the dead. It was afresh the understanding of the truth of the Resurrection as the central message of the Church throughout the ages.

In Old Corinth

That the resurrection life could be lived on earth was proved in old Corinth. We may not miss the significance of the fact that Paul's soaring and sublime interpretation of the Resurrection was addressed to the Corinthian Christians. That rotten old city was one of the plague spots of the ancient world. To "Corinthianize" was a word describing the worst pagan debauchery.

Nevertheless, from this foul soil sprang the white flowers of redeemed lives. Holiness is not dependent upon environment. There are myriads of men and women in our own day who are called to work amidst profane and vulgar and wicked conditions, yet who quietly carry on in loyalty to Christianity. The truth of the Resurrection lifts up the level of everydayness.

Paul staked all upon the Resurrection. Without it there is no Christianity. "If there is no such thing as resurrection of the dead, then Christ Himself has not risen to life. And if Christ is not risen, it follows that what we preach is a delusion, and that your faith also is a delusion....If Christ has not risen, your faith is a vain thing." (Weymouth Translation).

Thus the great apostle applies the supreme truth of the Resurrection to the Christian's carrying on of his faith and has work, because He lives, we shall live also. "If ye then be risen with Christ, seek those things which are above."

SEVEN SENTENCE SERMON

A real optimist is contended with his lot even if it is not a lot. —Anon.

I find the great thing in this world is not so much where we stand as in what direction we are moving.—Oliver Wendell Holmes.

And Satan trembles when he sees
The weakest saint upon his knees.
—William Cowper.

He who raises himself on tiptoe cannot stand firm; he who stretches his legs wide apart cannot walk.—Lao Tze.

Thanke be to God, which giveth us victory through our Lord Jesus Christ.—I Corinthians 15:57.

No man is born into the world, whose work
Is not born with him; there is always work,
And tools to work withal, for those who will;
And blessed are the horny hands of toil.
—James Russell Lowell.

The heart that is fullest of good works hath in it least room for Satan' temptations.—Bunyan.

The Sunday School Lesson for April 9 is, "Christ's Victory Over Death." (Easter Lesson) Mark 16:1-8; I Corinthians 15.

Relief Plans for Balkans.

CAIRO, April 6.—(AP)—Plans are completed for the United Nations relief and rehabilitation administration to move into the Balkans with the allied military forces, Herbert H. Lehman, head of the UNRRA, said today.

The purpose of his visit to Cairo Lehman said, was to arrange for the UNRRA to absorb the Middle East Relief and Rehabilitation Administration and to discuss with military authorities plans for civilial relief in liberated Balkan countries.

Corporation Court.

Two doors were found unlocked.

One car was found parked in a fire lane and a ticket was issued.

Complaints have been made to the police department that a man in a pick-up has been trying to pick up women going home late at night from their jobs at the Cotton Mills.

Four dogs were killed Wednesday.

Two were cited for overtime parking at meters.

Local officers were on the lookout for a man wanted in Jefferson county on a felony charge. He is believed to be armed.

A resident was warned Wednesday to keep his chickens penned, when a neighbor complained.

Monthly Sing at Milford

The regular monthly sing will be held at the Milford Methodist church Sunday, April 9, at 2:30 p.m. Singers are requested to take part and the public is cordially invited to attend.

Returns From Italy

S-Sgt. Pete McCain has returned to the United States from Italy and is now the Brookshire Hospital in San Antonio. He spent the week-end with his family at 2105 West Thirteenth avenue.

Veteran of Pacific Fighting Visited Corsicana Today

Lieut. Wayne D. Scott, U. S. Army Air Forces, engineering officer, veteran of 34 months service in the Southwest Pacific and intermediate points, was a Corsicana visitor Thursday. He was trying to make contact with "Curley" Hammonds of this city, who served 27 months in his outfit as an aerial photographer.

Wounded at Wheeler Field, Hawaii, when the Japs staged their sneak attack December 7, 1941, the officer wears the Purple Heart ribbon as well as ribbons for service in the Asiatic and American Theaters, pre-Pearl Harbor and Good Conduct medal. He also wears three Campaign Stars.

A veteran of eight years service, Lieut. Scott participated in the battles of the Coral Sea, Midway, Guadalcanal, the Solomons and in numerous other minor engagements.

"Curley and myself used to kid each other about our hometowns, but at that time I didn't know Corsicana was such a good town," the good-natured officer smiled, saying, "I live at Gorman."

When asked about being wounded and receiving the Purple Heart award his face was enveloped with a big Texas grin.

"I was wounded at Wheeler Field—I was going away at the time—it is a good thing you don't have to wear the decoration where you were hit," was the explanation.

MANY MILLIONS IN ARMY ANNIVERSARY ENTRY WORLD WAR I

WASHINGTON, April 6.—(AP)—Lest you forget while reading about seven and a half million soldiers at war, this is Army Day.

By resolution of congress in the peaseful late '20s the anniversary of America's entry into World War I was set aside as a day on which to remember the army. It was just a ltttly army then.

Today the parades and the trek of visitors to army posts are being omitted. There is neither time nor necessity for the parades. The American public knows about the army. And so does the enemy—for today it is deployed around the world.

The army expects to have five million men overseas before this year is out. That is more than all the troops mustered at home and abroad during the other war; only 2,059,629 served overseas.

Former Corsicanan Re-Elected.

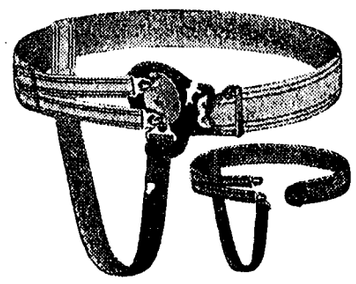

Albert Loyd Slaughter was re-elected mayor of University Park, Dallas, in Tuesday's elections. Only a light vote was cast in that election. Mayor Slaughter is a brother of W. E. Slaughter of Corsicana and is an oil operator.

PATMAN SUSPECTS BIG STEEL BACK OF KCS REORGANIZATION

TEXARKANA, April 6.—(AP)—Rep. Wright Patman (D-Tex) says he suspects big steel interests may have been concerned with the recent reorganization of the Kansas City Southern Railway, "calculating to make trouble for the development of the steel industry in the southwest."

The Texarkana congressman, addressing the Optimist Club, said his concern in the shift of control of the KCS from the C. P. Couch interests to a midwestern group originated from doubt that the new owners would be as strong for developing the Southwest's industrial empire as were the Couch interests.

"The big fellows keep fighting us," said Patman, who has done considerable work in Washington in connection with the development of the Lone Star Steel corporation's blast furnaces at Daingerfield, Texas.

He said he suspected big steel interests were involved in the railway reorganization because "there were no charges of mismanagement, extravagance or anything elce."

(In New York Tuesday the announcement was made that Couch would resign as chairman of the boards of the Kansas City Southern railway and its affiliate, the Louisiana and Arkansas railroad.)

There are 281 million acres of state and privately owned forest land in the United Etates.

Flowers for Easter

If you're wise in the art of pleasing, you'll know it's FLOWERS at Eastertime, April 9th. it's the nicest, it's the simplest, it's the loveliest way to express Easter greetings! And what a thrilling array of Spring's gayest flowers here at Clowe's.

OVERSEAS — Edward Burnett Shivers, 18, U. S. Navy, s-2-c, is now overseas somewhere in the South Pacific with the amphibian forces, according to information received recently by his parents, Mr. and Mrs. Willie Shivers, 104 South Thirty-Fourth street. A graduate of the Corsicana High School, he entered the service December 18, 1943.

Information From Navarro County Rationing Board

Ceiling prices on the Texas 1944 onion crop at the shipping point became effective April 1, and are as follows: Wholesale, Texas Bermudas, 1944 crop, $2.65, graded and sacked; wholesale Texas Crystal Wax onions, 1944 crop, $2.80, graded and sacked. Retail prices for the Bermudas are 28c per 3 pounds, and for the Crystal Wax, 29c per 3 pounds.

If shoe dealers participate in selling ration free children's shoes it will be necessary for them to keep a record of the number of pairs sold, and the number of pairs acquired ration free. This record must be attached to the inventory form R-1701 within 5 days after the inventory. The shoes which may be sold ration free at a price not exceeding $1.60 are misses sizes 8 1-2 to 12, and boys' sizes, 12 1-2 to 3. Sales may be made only during the period of May 1 to May 20.

The rationing board now has a chart on methods of pricing new and used farm equipment and any farmer or implement dealer may make price inquiries at the local board.

A re-check is being made on out-of-line merchants who did not have 100 per cent compliance stores in the recent store visitation campaign. During the week of April 10-15 a final check will again be made on uncooperative stores and any merchants who still are not 100 per cent compliance will be turned over to the district office.

Sixteenth century armor manufacturers discovered that fluting metal gave it strength and rigidity without added weight, a principle used today with corrugated iron and steel girders.

GOVERNMENT LOSES CASE AGAINST MEYER ON NATURALIZATION

NEW ORLEANS, April 6.—(AP)—A conteniton by the Southern Texas District Court that Dr. Heinrich Karl Ernst Meyer, 39, had obtained his naturalization certificate through fraud was overruled yesterday by the U. S. Fifth Circuit Court of Appeals.

The appellate court set aside the cancellation of Dr. Meyer's citizenship and ordered the government's petition dismissed. He was a former professor of German language at Rice Institute, Houston.

In its opinion the appellate court said Dr. Meyer came from his native Germany to this country in 1930, was naturalized in 1935 and that the charges were based upon Dr. Meyer's assertions about the war prior to December, 1941.

The court said the Texas court based its conclusions without benefit of a later decision by the U. S. supreme court in the Schneiderman case, when the supreme court was quoted as saying in effect that "a naturalized citizen has the same freedom in thinking and speaking as a native citizen has."

Says He's Very Happy.

HOUSTON, April 6.—(AP)—Dr Heinrich Karl Ernst Meyer, said he was "very happy" to learn that the U. S. Fifth Circuit court of appeals yesterday had set aside the cancellation of his citizenship by a federal district court here and ordered the governments petition dismissed.

Said Dr. Meyer, former Rice Institute German language professor, "I expected such would happen." He has ben studying at his home here since being relieved of his duties at Rice and following three months detention in an alien internment camp at Kenedy last spring.

Said Miles L. Moss, asistant U. S. district attorney who represented the government in the case: "We have no comment to make it is possible the United States Attorney general may take the case to the supreme court."

Graduate State Home School Has Seen Much Action

AN EAST COAST PORT, April 6.—(Spl.)—Wallace Greene Armstrong, 19, of Corsicana, Texas, who is serving as a seaman first class aboard one of our fighting ships, is now in the United States enjoying a well-earned rest from combat duty.

His ship has gone through about every conceivable type of action in the books, and has come through each engagement with flying colors. One German submarine and two German blockade runners are at the bottom of the ocean now as a result of the accuracy of her gunners.

The submarine was sunk during a surface action between the two ships. She secured the best possible proof of the kill by capturing most of the submarine's crew.

She then helped add to the United States rubber supply by helping sink the three German blockade runners, Burgenland, Rio Grande and Wesserland. These vessels had a cargo of Nazi-bound rubber which was salvaged for our own use. She received sole credit for the sinking of one of them.

Armstrong is the son of Monroe Armstrong of Route No. 2, Kirven. He is a 1942 graduate of the Corsicana State Home school, where he participated in football, basketball and track. He has had convoy and submarine patrol duty in the Pacific on destroyers and wears the American Theatre of Operation and American Defense campaign bars. His brother, Corp. James H. Armstrong, is also serving with the armed forces.

Entered Plea Of Guilty To Theft

A plea of guilty to theft of two government-owned airplane tachometers at Corsicana was entered before United States Commissioner John Davis in Dallas Wednesday by Clifford George Rentz, 22, of Corsicana, it was learned here Thursday morning.

The information stated the instruments were valued at $75 each. Rentz was released on $750 bond, it was stated. The defendant, employed at Corsicana Field, Air Activities of Texas, was arrested early this week and was transferred to Dallas Tuesday night from the Navarro county jail by Rufus Pevehouse, deputy United States Marshal.

For Sale

White porcelain table top kerosene stove. Can be seen at A. T. Smith Grocery.

SAVING MEAT POINTS — Petty Officer, first class, Edwin N. Rehders, Corsicana, San Diego, Calif., Naval Base, is saving meat points as is shown by his recent snaring of a 5-pound halibut during a noon hour, according to the March 24, 1944, issue of THE HOIST, Naval base publication. Rehders, son of Mr. and Mrs. Joe Rehders of Corsicana, enlisted in the Navy at Dallas, Dec. 7, 1941, Pearl Harbor Day. His wife and two children reside at the base in San Diego. Rehders expects to be sent on active sea duty this month.

Mr. Gourley is being transferred from the Naval Shipyard in Boston to Los Angeles, and he and his wife are now enroute to their new assignment. They will visit in Corsicana through Easter Sunday.

Over 11,000,000 cords of dead chestnut tree trunks are standing in North Carolina's forests.

SUFFICIENT SLEEP HEALTH NECESSARY FOR ALL PERSONS

AUSTIN, April 6.—(Spl.)—Sleep is a necessity of life and health, according to Dr. Geo. W. Cox, state health officer, and habitual loss of sleep will tend to retard the body's recovery from the fatigue of the day's activities.

"We may be able to go without sleep for a night or two, but too little sleep for a prolonged length of time will undermine the health of a rugged person and turn a cheerful individual into a cross, irritable one." Dr. Cox said. "When good health can be maintained to such a large degree by merely sleeping and thus allowing overtaxed bodies and minds to regain a proper balance, it is hard to understand why so many persons are heedless of this necessary requirement of a balanced program of life."

Some individuals need more sleep than others, the doctor said, and the most valuable experiments in this line are the ones each person makes on himself. We must take into consideration in this experiment, however, that how well we sleep is as important as how long we sleep. A "good night's rest" means a sufficient number of hours spent in sleep to enable each individual to feel well, do efficient work, and to keep in a cheerful humor the next day.

"Some exercises out of doors each day will help us to sleep soundly at night. We must also have fresh air in our sleeping quarters. Give as much consideration as possible to the comfort of your bed and bedclothes. Do not mull over your problems and ideas after you have gone to bed. Make your plans early in the evening for a good night's rest by slowing down from the physical and mental work of your daily life. When you arise each morning rested and with a feeling of general well-being, you will be amply repaid for your thought in planning a 'good night's sleep.'"

County Council Of PTA to Hold Meeting Saturday Afternoon

Participants in the panel discussion of "What Our Schools Are Doing to Meet Present nad Post-War Needs" which will feature the meeting of the County Council of Parent-Teacher Associations at Kinsloe House on Saturday at 2 o'clock, will be Supt. Ray Waller of Dawson, chairman, Sput. W. V. Harrison, Frost; Supt. J. T. Black, Blooming Grove; Supt. E. C. Butler, Emhouse; Supt. J. A. Sands, Richland, and Principal Gaston T. Gooch, Corsicana Junior High School.

Musical highlights of the program will be presented by Miss Janet Davis, violinist.

Mrs. J. K. Bradley of Rice and Miss Sarah Holman are serving as program chairmen and Mrs. O. K. Vinson, president, will preside throughout the afternoon.

All members of local Parent-Teacher Associations are cordially invited to be present.

Easter Holidays For City Schools

All Corsicana public schools will be dismissed tomorrow, April 7, in the annual observance of Good Friday, W. H. Norwood, superintendent, announced today. Classes will reconvene on Monday with the usual schedules.

Hubbard Singers to Meet.

The Hubbard district singing convention will meet Saturday and Sunday nights, April 8, and 9, in a regular quarterly session. At the Saturday night meeting officers will be elected for the ensuing year. The public is cordially invited to attend.

LED TICKET- W. E. McKinney, new member of the city commission elected Tuesday, led the ticket with a total of 395 votes. Fred D. Prince, police and fire commissioner, was re-elected with 385 votes. McKinney, former member of the commission, prominent in all civic activities, is also head of the Navarro county civilian defense organization.

"D" DAY BEEN SET BUT FEW OFFICERS KNOW EXACT DATE

By JAMES F. KING

WITH THE UNITED STATES ARMY, Somewhere in Britain, April 6.—(AP)—"D" Day has been set.,

The allied western invasion timetable has been worked out to the minutest detail.

Only a few high-ranking officers know the date, however, and only a few will know it beforehand.

But topflight commanders in talks with their officers and men are being amazingly frank in some respects—even to the extent of telling the troops the job cut out for them.

Among American troops who will participate in the initial assault on Adolph Hitler's fortress a growing tensencss can be noticed. In their barracks the soldiers talk among themselves but there is tremendous security consciousness among them when they are outside camp.

Services at Navarro Mills Baptist Church

Navarro Mills Baptist church services this week follow:

Saturday night, 8:30, prayer and preaching servicee. Subject, "The Path to the Cross."

Sunday, 10:30 a. m., Sunday school; 11:30, morning worship. Subject, "Three Days in the Tomb." 8:30, BTU and Brotherhood; 9:30, evangelistic hour, subject. "The Empty Tomb."—The Pastor.

Fight Way Through Japs; Reach Imphal

NEW YORK, April 6.—(AP)—The British radio said today troops of the 17th Indian Division had fought their way through the Japanese and reached Imphal after 21 days of action in which 1,800 enemy casualties were inflicted.

The report, recorded by CBS and NBC, said part of the action was along ten miles of the Imphal-Tiddim highway. Two weeks ago, the Japanese asserted they had cut the division to pieces. Actually, the British radio said, the division reached Imphal with a loss of less than a tenth of its transport.

The division was said to have great confidence after battering down the Japanese who tried to stop them.

Two Texans Died In Bomber Crash

COLORADO SPRINGS, Colo., April 6.—(AP)—Two Texans were among the five members of an eight-man crew of a Liberator bember based at Peterson Field who were killed when the plane crashed yesterday while attempting an emergency landing about seven miles northeast of the field.

The other three men received minor injuries.

The dead included First Lieut. Charles H. Everett, pilot, of Atlanta, Ga., and 2800 Sanger street, Waco, Texas, whose widow lives in Colorado Springs; and Second Lieut. Billy G. Adams, navigator, son of Mr. and Mrs. John C. Adams, Route 2, Grand Saline, Tex.

Cpl. Charles R. Zube, who has been stationed at Camp Wolters for the past 16 months, has been transferred to Camp Hood. Corp. Zube has two silver ribbons for rifle shooting and also a red ribbon for good conduct. His wife is now making her home with his parents, Mr. and Mrs. E. A. Zube here.

• • •

Leslie Lynn Hickey, who is taking his basic training at the Aberdeen Proving Ground in Maryland, spent a short emergency furlough with his young son, Donald Lynn, who was badly scalded by hot water when a croup kettle boiled over recently. On his return to Maryland, Pvt. and Mrs. Hickey, their son and daughters, Jo Ann and Geline, visited relatives in Tyler.

• • •

Melton J. Pollan, Rice, is among the 215 cadets from Texas receiving pre-flight training at the San Antonio Aviation Cadet Center.

• • •

Fifteen North Texans are members of the Navy V-12 unit at Mississippi College in Clinton, Miss., including Elbridge Garner Bergeson, son of Mr. and Mrs. M. W. Berguson, Corsicana. Bergeson is a graduate of Corsicana high school, and was a student at Baylor University prior to enrolling in the Navy V-12 unit. He was a member of the AYLI, music club, and played in the band at Corsicana High school, and was also a band member at Baylor.

• • •

Ensign R. O. Renfro, stationed at Corpus Christi, spent two days leave in Corsicana last week visiting his mother, Mrs. Gola Renfro.

• • •

Aviation Cadets Dan B. Cunningham, son of Mrs. I. T. Blake, and George O. Nokes, Jr., son of Mr. and Mrs. G. O. Nokes, Sr., have been commissioned second lieutenants in the Army Air Forces after completing bombardier training at the Carlsbad, New Mexico, Army Air Field. Lieut. Cunningham is a former student of the University of Texas, Austin, Texas. Lieut. Nokes is a former student of Baylor University, Waco, Texas As officers in the Air Forces ready for active duty their destination is not disclosed.

NAVARRO MORE THAN DOUBLES ITS QUOTA RED CROSS WAR FUND

NAVARRO, April 6.—(Spl.)—The Red Cross quota of $100 was more than doubly met by the citizens of the Navarro School District No. 32. The ttal contributed as reported to the chairman of the different workers amounted to $207.50. The colored people contributed $26.45 of this amount.

Following is a list of the workers and the amount they collected:

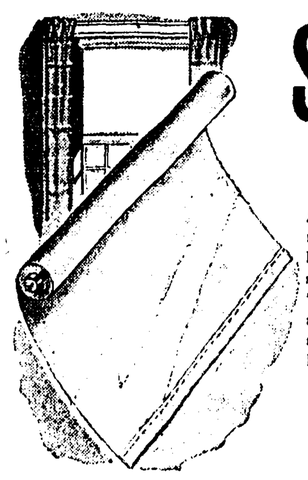

Miss Marjorie Moore $13.25, R. M. Jennings $21, Mrs. H. D. Smith $5, Mrs. Rita Harvard $14, Mrs. Elmer P. Smith $10.50, Mrs. V. C. Bailey $8.70, Mrs. Jack Bressis $9.50, Mrs. Afton Smith $17, Mrs. W. J. Woodward $7.50, Miss Mary Lou Marsh $8, Mrs. C. H. McCarter $12.75, Mrs. J. O. Cheney $11.35, Mrs. Forrest L. Hodge $10.50, Miss Virginia Ferguson $34.50, Smith Chapel, Wilma Washington (col.) $9.65, Chaneyboro, Bobbye Henderson and Leila Williams (col.) $14.30. Total $207.50.

NEGRO VOTE

CONTINUED FROM FIRST PAGE

which permits it to select its own membership was settled years ago in the case of Grovey versus Townsend, as pointed out by Mr. Justice Roberts.

No Desire Uphold Constitution.

"Thus it is difficult to believe that this decision was brought about through any earnest desire of the court to apply and uphold the constitution. You are compelled to look elsewhere for the motivating reasons behind the decision and the decision as so rendered by the majority of the court does, indeed, seem to be for other purposes and timely, too."

Referring to what he said was comment by Democratic party leaders in other states than the decision would not affect their primary elections, Butler said:

"I anticipate Mr. Biddle, attorney general of the United States, will soon render an opinion that under this decision no political party has the right or privilege to exclude anyone because of race, coor or creed from party activities to select nominees for the general election to follow later.

Doubts if People Informed.

"I do not believe that the citizens of Texas or the South realize how far-reaching is the effect of this opinion.

"However, the present decision is to be interpreted, all is not gloom. The supreme court upheld the constitutionality of our right to prescribe the membership of the Democratic party a few years ago. In its present decision the court states that the circuit court of appeals quite properly held our present procedure to be constitutional or the authority of the Brovey versus Townsend case. x x It is quite likely that the changes of the next few years will show the supreme court the error of its way and witness a reversion to the prior ruling upholding our rights."

The committee of attorneys named to study the opinion will report to the executive committee not later than May 1, Butler said, in order that he may advise precinct and county chairmen of their recommendations prior to the precinct and county conventions of May 6 and 8.

Sister Corsicana Man Be Buried In Ennis On Friday

Funeral services will be held in Ennis Friday afternoon at 2 o'clock for Miss Winnie M. Loggins, former resident of Ennis, who died Wednesday at El Paso.

Surviving are a brother, P. H. Loggins, Corsicana; two sisters, Mrs. Alfred Howell, El Paso, and Mrs. Mamie Blakney, Austin, and other relatives.

Oak Valley-White's Chapel Circle Of Cemetery Ass'n

The Oak Valley and White's Chapel circle of the Hamilton-Beeman Cemetery Association will meet with Mrs. W. N. Hamilton at White's Chapel Community Center Tuesday afternoon, April 11, at 3 o'clock. Visitors welcome.

"I enjoy this more than tobacco!"

WILLKIE

CONTINUED FROM FIRST PAGE

statement that he had stepped out of the race for the Republican presidential nomination.

Willkie, who stopped in Chicago for three hours while enroute from Nebraska to New York, told newsmen that there would be no enlargement at this time of his statement in Omaha last night conceding that he could not win.

One reporter asked if he thought that Gov. Thomas E. Dewey of New York would be the Republicans' 1944 nominee. Willkie grinned and replied: "You know as much about that as I do."

In response to other queries he said it would be too late, he thought, to withdraw his name from next Tuesday's primary in Nebraska and reported he did not know just what formal steps would be taken concerning withdrawal of his name from primaries in other states where he had entered.

Michigan Speeches Cancelled

DETROIT, April 6.—(AP)—Backers of Wendell Willkie in Michigan, one of the states he won from President Roosevelt in the 1940 election, announced with regrets today his cancellation of three week-end speeches in the state as a consequence of his withdrawal from the race for the Republican nomination this year.

WASHINGTON, April 5.—(AP)—A political unknown four years ago, Wendell L. Willkie saw his presidential chances blasted with the same suddenness with which they were born.

He came out of the business world to defeat Dewey and Senator Taft for the Republican nomination in 1940.

A Democrat in 1932, he voted for President Roosevelt. Self-described as an "amateur politician," he became known as the Hoosier "Miracle Man" of 1940 politics when he stormed to the top with the backing of a volunteer organization.

Orthodoxy never governed him. His failure to align himself as an outright Republican line politician, a "party stalwart," never had sat well with seasoned politicians.

At a time when he was regarded as the GOP's No. 1 man, his public assertions on lend-lease, neutrality, aid to Britain, and other foreign issues held almost the tenor of President Roosevelt's view.

Nothing expressed his independence better than his reply when asked if his views on domestic and international problems reflected the activities of his sponsors and advisers.

"Neither you nor any other man," he told his questioner, "influences my opinions beyond the logic of what he has to say.

"I wear my sovereignty under my own hat."

No Comment From MacArthur.

ALLIED HEADQUARTERS, Southwest Pacific, April 6.—(AP)—No comment was available today at headquarters of Gen. Douglas MacArthur either as to the results of the Wisconsin Republican presidential primary or Wendell Willkie's announced intention to withdraw as a Republican presidential candidate.

would like peace but her alliance with Germany barred this—as witness the cases of Italy, Hungary and Finland.

Telephone Service Closed.

LONDON, April 6.—(AP)—Closing of public telephone service between Great Britain and all parts of Ireland to prevent leakage of military information to enemy agents was announced today by the Postmaster General.

Public telegraph service will be maintained, subject to strict censorship.

Claim French Repatriation.

LONDON, April 6.—(AP)—The German-controlled Vichy radio said today that 690 French war prisoners would arrive in Compiegne today, en route home from Germany. It was the first mention of any such repatriation measures in some time by either French or German sources.

LONDON, April 6.—(AP)—The German high command said today that the German garrison of Kovel, 100 miles above Lwow in Old Poland, had broken a 20-day Russian encirclement of the city with the aid of transport gliders.

Previously, Russian communiques had placed Red Army column within 30 miles of that Warsaw-Kiev rail line junction but had never claimed its encirclement.

EXPLOSION

CONTINUED FROM FIRST PAGE

or serious injury to village residents.

Capt. Patterson, who said the cause of the blast was unknown, gave this report:

"This explosion occurred at 1:20 a. m., first in a railorad box car that was on a siding beside a cooling shed for bombs and mines. This box car was being loaded.

"After the explosion of the box car the cooling shed exploded. It was filled with mines and depth charges. The cooling shed, about 100 by 100 feet, is built of concrete, heavily barricaded. Three people in the shed survived, but are quite badly hurt."

Lt. (jg) Charles F. Foster, officer in charge of the bomb and mine filling area, said he was looking out of a window at the time and saw the box car explode, followed by the cooling shed.

Capt. Patterson said a court of inquiry has been ordered by the commandant of the Ninth Naval District.

The blast rocked an area within a 50-mile radius of the depot.

BURMA

ing maximum supplies through to the Burma and China fronts.

The Japanese threat so far had failed to halt the flow of supplies, which continued to pour forward.

Sunday Designated Bataan Memorial Day

AUSTIN, April 6.—(AP)—Sunday, April 9 has been designated as Bataan Memorial Day" by proclamation of Governor Soke Stevenson in accordance with a request from the Texas chapter of the Bataan Relief organization.

On that day, said Stevenson, churches over the state will hold "special prayer services for the men who lost their liberty in the fall of Bataan, and for the families and loved ones of those who gave their lives in the courageous fight to resist the Japanese aggressor."

Gold was frst dscovered n Alaska by a Russan settler in 1850.

DEWEY

CONTINUED FROM FIRST PAGE

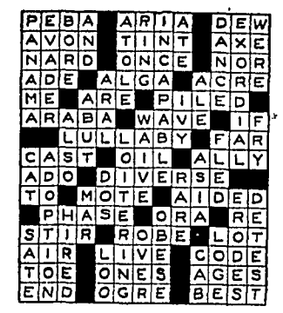

1940—might even support a fourth term for President Roosevelt in preference to aiding a republican who did not see eye to eye with him on foreign affairs. (There was some conjecture that Willkie might be invited to share the ticket with the President.)

3. He might head a new "Bull Moose" liberal movement away from the old line republican party.

4. Or, he might go along with the GOP nominee, whoever that may be, continuing his appeals for a "one world" program to preserve future peace, a peace he thus could hope to have some hand in formulating.

The earliest state income tax was instituted in Virginia in 1843.

HARRY GUMBERT IS GETTING SET TO WIN HIS HUNDREDTH GAME

ELONGATED CARDINAL HURLER HAS WON 98 GAMES TO DATE

By FRITZ HOWELL

NEW YORK, April 6.—(AP)—Harry Gumbert, towering hurler for the St. Louis Cardinals, champions of the National League, is getting set to win his 100th major loop game.

The tall guy from Texas is the first of the big league pitchers to go the nine-inning route, and he did it impressively yesterday in holding the second team to six hits and a single ninth-inning run.

Gumbert has won 98 games, and hopes to get over the century hump early in the season. Only seven pitchers now in the big leagues have broken the 100 mark.

Gumbert has proved a fine investment for the Cards since 1941 when Branch Rickey traded "Flibber" Bill McGee to the Giants for him. Since then Gumbert has won 30 games and lost 15, and six of his wins were at the expense of the Giants, against two losses. McGee won two and lost nine in 1941 for the Giants, and hasn't been with 'em since.

The lowdown on the high spots:

American League.

St. Louis—General Manager Bill DeWitt said all Browns now in training have signed contracts and Manager Luke Sewell grinned broadly over the 10-2 victory over Toledo.

Washington—Weather has put the whammy on the Nationals, and Owner Clerk Griffith and Manager Ossie Bluege fear rains, snows and cold wave have set pitchers too far back for team to get off to a good start.

Boston—Joe Cronin, elated over recent showing of Pitcher Emmet O'Neil who won one and lost four last year, expects him to be the club's No. 1 hurler.

New York—Yanks will try to eliminate today the reasons the Athletics handed them that 9-1 setback yesterday.

Detroit—Paul Trout, who won 20 and lost 12 last year, finally has been nicked for a run, Rochester getting it yesterday. But it was the first marker yielded by Trout in 11 exhibition innings.

National League.

Pittsburgh—Holdout Vince DiMaggio still on fence as Prexy Benswanger makes no move after confab on wage demands.

New York—Giants, snowbound, stayed in hotel lobby yesterday, but 50 teen-age kids arrived for tryout camp. Steve Filipowicz, former Fordham grid ace signed contract, and Ernie Lombardi, catcher, arrived from coast.

Cincinnati—Bucky Walters and Elmer Riddle of the Reds will hurl against their teammates for Indiapapolis in an exhibition today.

Brooklyn—Manager Leo Durocher, 38, intimated he might start season at second base, despite "acorns" in right elbow region.

Announcement

Notice is hereby given that I, A. A. Daniel, have purchased the merchandise of the Whistler Junk & Supply Company, located at 600 East 5th Avenue, Corsicana, Texas, and I will not be responsible from this date for any act or indebtedness made by previous owners of the abovementioned firm. NEW YORK STOCK EXCHANGE

(By The Associated Press)

NEW YORK, April 6.—(AP)—A few rails, motors and specialties gave the stock market another moderate and selective lift today although many leaders again found difficulty in negotiating recovery.

Quotations improved after a mixed opening and plus signs of fractions to a point or so predominated near the close. Turnover approximated 700,000 shares.

International Telephone and Willys-Overland touched peaks for 1944. Ahead the greater part got the time were Delaware, Lackawanna & Western, Merris & Essex, U. S. Rubber, Chrysler, Lome Mines, American Can, Johns-Manville and U. S. Gypsum. Steels, utilities, aircrafts, oils, coppers and mail orders were narrow. The recently bound American & Foreign Power preferred dipped.

Grains and Provisions

Fort Worth Cash Grain

FORT WORTH, April 6.—(AP)—Wheat No. 1 hard 1.71 1-2 77.

Sorghums No. 2 yellow milo or No. 2 white kafir per 100 lbs 2.40-47.

Oats, corn and barley at northern shipping point ceiling price, plus freight.

Good Friday will be observed as a holiday by the grain and cotton exchange.

Little Selling in March

CHICAGO, April 6.—(AP)—Favorable weather for the development of the winter wheat crop and reports that efforts will be made to import 20,000,000 bushels of Canadian oats by May 15, combined to create a little selling in grain futures today. Declines were confined to minor fractions in a quiet trade.

At the close wheat was unchanged to 1-2 lower, July $1.71 3-4, oats were unchanged to 3-8 lower, July 78 5-8, rye was down 1-8 to 5-8, May $1.31 1-8 1-4, and deferred barley contracts were off 5-8 to 1 cent, July $1.25 7-8. May barley was bid at $1.28.

MINISTER WRITES SPORTS ON WEEKDAYS PREACHES SUNDAY

BRYAN PASTOR FINDS SERMONS IN VARIOUS FORMS ATHLETICS

By HAROLD V. RATLIFF

BRYAN, Texas, April 6.—(AP)—The Rev. Milton R. (Mit) Maloney finds sermons in football games, track meets and boxing matches. He watches with critical eye as the men of sport rock 'em and sock 'em during the week, then on Saturday gets in some socks of his own in favor of the Lord—all leading to Sunday's homilies.

The Rev. Maloney is a Baptist preacher who writes sports—an unusual combination. But in a time of labor shortage, he stepped in to help the Bryan Daily Eagle.

He is pastor of a couple of small rural churches near here and when the Eagle lost its sports editor, John Sidney Smith, to the Houston Post, the Rev. Maloney took the job with the understanding that his hours would be such as to give him ample time for his charges.

Smith was an active Baptist deacon and Mrs. Lee J. Rountree, publisher of the Eagle, a staunch Methodist. "Mrs. Rountree is said to have plans for securing a Methodist bishop for her next sports editor," the Rev. Maloney confides.

The minister's daily column is called "Goal Lines" and is given over each Saturday to a discussion relating to Christian truth. These items are based on some phase of sports, calling attention to sports references found in the Bible. 'Paul must have been a great sports enthusiast," the Rev. Maloney said as he revealed this Biblican character came in for most comment.

The minister discusses nicknames of athletic teams and Bible names concerning these animals, such as the Longhorns (the cattle upon a thousand hills are mine said the Lord) and Broncos (It takes a good man to tame a wild horse but only God can conquer a wild man.)

"The field of sports is a rich source for illustration in sermons or comments upon Christian living," the Rev. Maloney says. "Sports is merely boiling down the hectic game of life to a few hours of game competition."

FRYERS

Yes, we have plenty of demands for them—bring in all you have. You can not afford to keep them after they get to weighing 1 1-2 lbs. Feed is too high.

Bring us your Eggs, Butter, Fryers, Hens and Shelled Corn.

We Will Pay You Cash—the very Highest Market Price.

Eastern Star In Very Impressive Easter Program

An impressive Easter program which followed the regular meeting of the Eastern Star on Tuesday evening was highlighted with an impressive drill, dramatic selections and musical numbers of unusual interest.

The drill was conducted to the inspiring strains of "Onward Christian Soldiers," by O. G. Brinkmeier, violinist, and Mrs. Brinkmeier, pianist, of Van Nuys, Calif. As the procession which centered around a cross fashioned of spring flowers, reached the altar, the music featured a violin and piano rendition of "He Arose." Mesdames D. B Bennett of Kerens and Guy Buck carried the cross and the Bible in the procession.

A Scriptural reading was given by the worthy patron, Harmon Ferguson of Powell, and during the candle - lighting ceremony, the Brinkmeiers played "The Old Rugged Cross."

Other musical numbers included a duo-piano interpretation of "The Mill in the Black Forest" (Ellenberg) by Mesdames H. E. Smalling and S. K. Brietz, "Schoen Rosemarin" (Kreisler), "The Old Refrain" (Kreisler) and an original Brinkmeir composition "The Three Cedars" by Mr. and Mrs. Brinkmeir.

Mrs. Walter Castles, Jr., read "Joyous Easter," and Mrs. E. G. Hall, worthy matron, presented the Easter message.

An Easter Sandwich plate was served during the social hour.

The Masonic Hall was in gala floral attire for the occasion numerous arrangements of spirea, bluebonnets and iris being placed at vantage points throughout the lodge rooms.

Eyes of children usually do not move in unison until three months after birth.

Abaca fiber, used in Manila rope, is not grown commercially in the United States and before the war most of it came from the Philippines.
